Case No.: 1:21-cv-11080-RGS

DECLARATION OF LINDA M. DARDARIAN IN SUPPORT OF PLAINTIFFS' MOTION FOR ATTORNEYS' FEES, COSTS, AND EXPENSES

I, Linda M. Dardarian, hereby declare:

- 1. I am a member in good standing of the Bar of the State of California and a partner at the law firm of Goldstein Borgen Dardarian & Ho ("GBDH"), in Oakland, California. I am co-lead counsel for Plaintiffs and the proposed Class and am providing this declaration of counsel in support of Plaintiffs' Motion for Attorneys' Fees, Costs, and Expenses. I have personal knowledge of the facts set forth in this declaration and could and would testify competently to them.
- 2. In this Motion, Plaintiffs seek compensation for GBDH's time pursuant to the lodestar method under the fee-shifting provisions of the Americans with Disabilities Act ("ADA"), 42 U.S.C. § 12205, and Section 504 of the Rehabilitation Act ("Section 504), 29 U.S.C. § 794a(b), as well as that of our co-counsel at Civil Rights Education and Enforcement Center ("CREEC") and Disability Law Center-Massachusetts ("DLC"). Accordingly, this Declaration proceeds as follows: it first summarizes GBDH's extensive expertise in resolving

systemic disability access violations and recounts the essential background of this case. It then describes GBDH's timekeeping practices and the reasonableness of the hours billed to this case, including each biller's background. Next, it discusses the reasonableness of the hourly rates we seek for our work in this case in light of our qualifications, billing rates for which we have been awarded attorneys' fees in this and other jurisdictions, and billing rates of comparable attorneys litigating in the Boston area. Finally, it describes the reasonable costs and expenses for which Plaintiffs seek reimbursement pursuant to the ADA and Section 504. A table that shows the breakdown of GBDH's lodestar by biller, time spent on the case through August 27, 2021, and hourly rate appears in paragraph 45, below.

BACKGROUND AND EXPERIENCE OF GOLDSTEIN, BORGEN, DARDARIAN & HO

3. GBDH is one of the oldest and most successful plaintiffs' public interest class action law firms in the country. Founded in Oakland, California in 1972, GBDH represents individuals against large companies and public entities in complex, class, and collective actions nationally in the firm's three primary practice areas: disability access, wage and hour violations, and employment discrimination. GBDH also represents plaintiffs in voting rights, consumer rights, and environmental justice cases. GBDH has long been recognized as one of the top plaintiffs' firms in the United States. In 1992, the *National Law Journal* ("A National Who's Who of the Top Lawyers in Employment Litigation") called the firm "[i]n a league of their own on the plaintiffs' side, handling the largest class actions nationwide." Every year since 2004, GBDH partners have been named "Northern California Super Lawyers" by their peers, in recognition of their outstanding legal achievements and high ethical standards. GBDH partners are rated "AV Preeminent" by Martindale Hubbell, indicating that our peers rank us at the highest level of professional excellence.

- 4. GBDH has been at the forefront of ensuring compliance with the Americans with Disabilities Act and obtaining access for persons with disabilities to the services, privileges, and advantages provided by public and private entities nationwide. GBDH has also successfully litigated and resolved a variety of cutting edge, complex and landmark employment and wage and hour cases against employers in many different industries, including insurance companies, grocery and retail stores, restaurant chains, and financial services companies. GBDH has won substantial back pay and other monetary relief for class members throughout the country and has obtained changes in employment and other policies and practices that were creating discriminatory barriers to equal employment opportunities and denying workers their lawful wages.
- 5. I am a 1987 graduate of Berkeley Law, at University of California, Berkeley. I have been a member of the California State Bar since 1987, and I am admitted to practice before the United States District Courts for the Northern, Central, and Eastern Districts of California, the United States Court of Appeals for the Ninth Circuit, and the United States Supreme Court. From September 1991 until December 1997, I was an associate at GBDH. I became a GBDH partner in January 1998 and the managing partner in 2016. Prior to joining GBDH, I worked at the law firms of Duane, Lyman & Seltzer and Carroll, Burdick & McDonough doing civil litigation.
- 6. Since joining GBDH in September 1991, I have been responsible for all facets of class action and other complex litigation, from pre-filing investigation through trial and appeal, and settlement. Since 1994, I have spent a large part of my practice representing people with mobility, hearing, and visual disabilities, both individually and in class or collective actions. I am also recognized as one of the innovators and leading practitioners of "Structured"

Negotiation," a cooperative model for resolving entrenched, systemic civil rights problems and other complex disputes. *See generally* Lainey Feingold, Structured Negotiation: A Winning Alternative to Lawsuits (2016).

- 7. I have been the lead or co-lead counsel in many significant class and complex actions obtaining systemic relief for persons with disabilities. For the past several years, members of my firm, particularly myself, partner Andrew P. Lee, associate Raymond Wendell, and paralegals Scott G. Grimes, Damon Valdez, and Stuart Kirkpatrick have represented people with mobility disabilities in a number of class actions involving access to large municipalities' pedestrian rights of way, such that we have developed a significant amount of experience in that area.
- 8. Most recently, I and my firm, along with co-counsel, were appointed as class counsel in *Lashbrook v. City of San Jose*, No. 20-cv01236-NC (N.D. Cal.), *Hines v. City of Portland*, No. 3:18-cv-00869-HZ (D. Or.) and *Reynoldson v. City of Seattle*, No. 2:15-cv-01608-BJR (W.D. Wash.). *Lashbrook*, *Hines*, and *Reynoldson* involved classes of residents and visitors to the Cities of San Jose, Portland, and Seattle with mobility disabilities who had been denied access to the Cities' pedestrian rights of way due to the lack of a curb ramp or a curb ramp that was damaged, in need of repair, or otherwise in a condition not suitable or sufficient for use. The claims alleged in the *Lashbrook*, *Hines*, and *Reynoldson* matters are very similar to those alleged by the Plaintiffs in the present action against the City of Boston.
- 9. The *Lashbrook* settlement received final approval in September 2020. *Lashbrook* v. *City of San Jose*, No. 20-cv-01236-NC, ECF No. 25 (N.D. Cal. Sept. 2, 2020). The *Lashbrook* settlement requires the City of San Jose to appropriate \$13 million dollars each fiscal year toward the construction and remediation of curb ramps until 2030. After 2030, San Jose is

required to appropriate a minimum of ten percent of its pavement budget toward the construction and remediation of curb ramps until it fulfills its obligations under the settlement. It ensures that San Jose will remediate all missing and noncompliant curb ramps by 2038. In approving the settlement, the court appointed GBDH and CREEC as Class Counsel and praised the settlement as "remarkable."

- 10. The *Hines* settlement received final approval in September 2018. *Hines v. City of Portland*, No. 3:18-cv-00869-HZ, ECF No. 40 (D. Or. Sept. 27, 2018). The *Hines* settlement requires the City of Portland to construct or remediate 1,500 curb ramps per year, guaranteeing the construction or remediation of 18,000 curb ramps over a twelve-year period. The City of Portland will spend over \$100 million constructing and remediating curb ramps. As part of the approval of the settlement agreement, the court appointed GBDH and CREEC as Class Counsel.
- 11. The *Reynoldson* settlement received final approval in November 2017.

 Reynoldson v. City of Seattle, No. 2:15-cv-01608-BJR, ECF No. 61 (W.D. Wash. Nov. 1, 2017).

 The settlement agreement requires the City of Seattle to construct or remediate 1,250 curb ramps per year, guaranteeing the construction or remediation of 22,500 curb ramps over the course of the settlement period. The City of Seattle will spend nearly \$300 million constructing and remediating curb ramps. As part of the approval of the settlement agreement, the court appointed GBDH, CREEC, and other co-counsel as Class Counsel, and awarded Plaintiffs' \$1,388,729 in attorneys' fees, expenses and costs.
- 12. I and my firm were also certified class co-counsel in *Ochoa v. City of Long Beach*, a case on behalf of all persons with mobility disabilities who have been denied access to the City of Long Beach's pedestrian right of way. Order Granting Plaintiffs' Motion for Class Certification and Plaintiffs' Amended Motion for Class Certification, *Ochoa v. City of Long*

Beach, No. 2:14-cv-04307-DSF-FFM, ECF No. 90 (C.D. Cal. Sept. 15, 2015). Plaintiffs in the Ochoa matter alleged that the City has unlawfully failed to make its pedestrian right of way, including curb ramps and sidewalks, accessible to persons with mobility impairments, in violation of Title II of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and California Law. The claims alleged in the Ochoa matter are also very similar to those alleged in this action against the City of Boston. On October 17, 2017, the District Court for the Central District of California entered an order approving the Ochoa class action settlement. Ochoa v. City of Long Beach, No. 2:14-cv-04307-DSF-FFM, ECF No. 175 (Oct. 17, 2017). The settlement agreement requires the City of Long Beach to install 4,500 curb ramps within the first five years of the term of the agreement, spend up to \$50 million remediating curb ramps, and up to \$125 million remediating and maintaining other pedestrian facilities. Upon granting final approval of the settlement, the court awarded class counsel \$3.36 million in attorneys' fees, costs, and expenses.

13. Additionally, I and my firm, along with other co-counsel, were certified class counsel in *Willits v. City of Los Angeles*, No. CV 10-05782 CBM (MRW). *Willits* was brought on behalf of all persons with mobility disabilities who have been denied access to the City of Los Angeles's pedestrian right of way. Plaintiffs in the *Willits* matter sought injunctive relief, alleging that the City unlawfully failed to make its pedestrian right of way, including curb ramps and sidewalks, accessible to persons with mobility disabilities, in violation of Title II of the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and California Law. The claims alleged in the *Willits* matter, too, are very similar to those alleged in this action against the City of Boston. On January 3, 2011, the District Court certified a class of approximately 280,000 persons with mobility disabilities who live within the Los Angeles area,

and approved GBDH as class counsel. *See Willits v. City of Los Angeles*, No. CV 10-05782 CBM RZX, 2011 WL 7767305, at *4-5 (C.D. Cal. Jan. 3, 2011).

- 14. Plaintiffs obtained final approval of the *Willits* class settlement in August 2016. *Willits v. City of Los Angeles*, No. CV 10-05782 CBM (MRW), ECF No. 415 (C.D. Cal. August 26, 2016). The *Willits* class settlement agreement requires the City of Los Angeles to fund significant access improvements to the City's pedestrian right of way over a thirty-year period and guarantees spending of more than \$1.4 billion in improvements to existing pedestrian facilities, as well as unlimited amounts on newly constructed and altered facilities. I was one of the lead negotiators of this settlement for the Plaintiffs. And, after years of extensive litigation and appeals, the court ordered the City of Los Angeles to pay class counsel approximately \$13 million in attorneys' fees, costs, and expenses.
- Company, LLC, a case on behalf of persons with mobility disabilities and their companions who have been denied access to Levi's Stadium due to access barriers at the Stadium, its parking lots, the pedestrian right of way connecting the parking lots to the Stadium, and in the services and amenities offered at the Stadium. After contested class certification proceedings, the court certified injunctive relief classes comprised of persons with mobility disabilities and their companions, as well as a damages class comprised of persons with mobility disabilities seeking statutory damages pursuant to the California Unruh Civil Rights Act based, in part, on ADA predicate violations. Nevarez v. Forty Niners Football Co., LLC, 326 F.R.D. 562, 570 (N.D. Cal. 2018). The Nevarez action resulted in a class action settlement, approved by the Court in July 2020, that requires the defendants to remediate more than 2,000 physical access barriers within and around the Levi's Stadium, pay Class Counsel \$13,457,152.40 in attorneys' fees, expenses

and costs, and create a separate \$24 million settlement fund for compensating class members—the largest class damages settlement ever achieved in a case challenging physical access to a place of public accommodation. *Nevarez v. Forty Niners Football Co., LLC*, No. 5:16-cv-07013-LHK (SVK), ECF No. 392 (N.D. Cal. July 23, 2020).

- 16. I am also lead Class Counsel in the most significant class action to increase access to healthcare services for persons with mobility, visual, hearing and speech impairments, *Olson v. Sutter Health*, No. RG06-302354 (Alameda Superior Court), in which plaintiffs obtained a ten-year consent decree requiring Sutter Health to remove architectural barriers in all of its acute care and foundation facilities (clinics and doctor offices); install diagnostic and treatment medical equipment that is accessible to patients with mobility disabilities (*i.e.*, accessible examination chairs, tables, weight scales; and mammography equipment, as well as lift equipment); revise its policies and procedures to increase accessible patient care services; ensure that the websites and mobile applications for Sutter Health and all if its affiliates are accessible to individuals who are blind, low vision, deaf, hard of hearing, or have other disabilities, and to train medical staff to become more sensitive to the needs of patients and visitors with disabilities.
- 17. I have served as Class Counsel in other landmark disability access actions on behalf of people with mobility and other disabilities, including *Lane v. State of Tennessee*, No. 3:98-0731 (M.D. Tenn.). The *Lane* case enforced the rights of persons with mobility disabilities under the Americans with Disabilities Act and the United States Constitution to have access to the state courts in dozens of Tennessee counties by requiring architectural barrier removal and transfer of programs to accessible facilities. I also was co-class counsel in *Lieber, et al. v. Macy's West, Inc.*, No. C96-02955 MHP (N.D. Cal.) and *Camalo, et al. v. Macy's West, Inc.*, No. C98-2350 MHP (N.D. Cal.), brought under the Americans with Disabilities Act, California

Unruh Civil Rights Act, and the California Disabled Persons Act. Those consolidated cases resulted in a class settlement including systemic injunctive relief that required Macy's to remove architectural barriers at all Macy's stores in California and improve customer service for people with disabilities. It also created what was at that time the largest class damages funds in any disability rights public accommodation class action.

- 18. I have also focused much of my work over the past 27 years in Structured Negotiation to resolve systemic access barriers for individuals with disabilities. For example, I represented the plaintiff in a settlement negotiation with UCSF Medical Center that required the medical center to remove architectural barriers and install accessible medical equipment on behalf of patients with mobility disabilities. I have also negotiated landmark agreements for persons with visual impairments that provide talking pill bottles for pharmacy patients, alternative formats (including Braille, large print, electronic, and audio) for printed materials, accessible commercial websites, accessible point of sale machines, audio description of movie content at cinemas nationwide, and the installation of "talking ATMs" at all locations of major banks across the country. Such entities include American Cancer Society, American Express, Bank of America, BankOne/Chase, Best Buy, Caremark pharmacy, Cinemark Theaters, CVS/pharmacy, Equifax, Experian & TransUnion, E*Trade, Kaiser Permanente, Major League Baseball Advanced Media, Radio Shack, Rite Aid, Safeway, 7-Eleven, Staples, Target, Trader Joe's, Walgreens, Wal-Mart, Wells Fargo Bank, and Wellpoint (Blue Cross), among others. I also negotiated for the installation of accessible (audible) pedestrian signals throughout San Francisco in CCB v. City and County of San Francisco.
- 19. During my years at GBDH, I have also litigated large non-disability class and complex actions, including *Bazerman v. American Airlines, Inc.*, No. 1:17-CV-11297-WGY (D.

Mass.), a class action filed in this District on behalf of American Airlines passengers who were charged to check a bag that should have been free. Attached hereto as Exhibit 1 is a true and correct copy of the order granting final approval and awarding attorneys' fees, costs, and expenses to the plaintiff in Bazerman. Attached hereto as Exhibit 2 is a true and correct copy of the transcript from the fairness hearing in *Bazerman*, in which the Honorable William G. Young praised our representation as "exemplary." Other notable class actions include Munguia-Brown v. Equity Residential, No. CV 16-01225-JSW-MEJ (N.D. Cal.) (certified class action on behalf of California tenants of Equity Residential properties who were charged fees for late payment of rent); Balero, et al. v. Lumber Liquidators, Inc., No. CV 15-01005 JST (N.D. Cal.) (class action on behalf of California consumers who purchased laminate wood flooring products manufactured in China and sold by Lumber Liquidators, which Lumber Liquidators falsely advertised as compliant with California formaldehyde emission limits); Center for Self-Improvement and Community Development v. Lennar Corporation, et al., No. CGC07-465738 (San Francisco Superior Court) (toxic tort action against Lennar for generating dust containing asbestos, hexavalent chromium, and other hazardous materials during construction of housing in Bayview Hunters Point); Butler v. Countrywide Home Loans, Inc., No. BC 268250 (Los Angeles Superior Court) (\$30 million California class action on behalf of "account executives" seeking overtime, meal period compensation, recovery of unlawfully deducted wages and other monetary relief); Lin v. Siebel Software Systems, Inc., No. CIV 435601 (San Mateo Superior Court) (\$27.5 million California class action on behalf of software engineers, seeking unpaid overtime wages); San Francisco BayKeeper v. Dow Chemical Co., No. C97-01988 (Contra Costa County Superior Court) (Safe Drinking Water and Toxic Enforcement Act of 1986 action to protect Contra Costa County water supply from discharges of carcinogens and reproductive toxins); Citizens for a

Better Environment v. Union Oil Co., No. C-94-0712 TEH (N.D. Cal.) (Clean Water Act citizens suit to limit refinery discharges of selenium into San Francisco Bay); Shores v. Publix Super Markets, No. 95-1162-CIV-T-25E (M.D. Fla.) (gender discrimination class action challenging defendant's job assignment, promotion, training and compensation practices, resulting in monetary relief of \$92 million and injunctive relief covering stores company-wide); Butler v. Home Depot, No. C-94-4335 SI (N.D. Cal.) (gender discrimination class action challenging defendant's job application, assignment, promotion, training and compensation practices, resulting in monetary relief of \$87.5 million and injunctive relief covering Home Depot's western region); Pines, AARP, et al. v. State Farm General Ins. Co., SA CV 89-631 (C.D. Cal.) (nationwide ADEA collective action); Stender v. Lucky Stores, Inc., C-88-1467 MHP (N.D. Cal.) (gender discrimination class action challenging initial job placement, allocation of hours, movement from part-time to full-time employment, and promotion); and Kraszewski v. State Farm General Ins. Co., No. C 79-1261 TEH (N.D. Cal.) (statewide Title VII sex discrimination class action; settled for \$250 million).

20. In addition to my case work, I often lecture on disability rights, employment, litigation and class action issues, including making presentations at the Impact Fund Class Action Conference (2020), Jacobus tenBroek Disability Rights Symposium (2018), the Disability Rights Bar Association Annual Conference (2019, 2016-17, 2014, and 2012), the International Conference on Technology and Persons with Disabilities (regularly from 2012 to 2017), Law Seminars International, the American Bar Association (ABA), and the National Employment Lawyers Association (NELA) conventions. I have also taught at Stanford Law School's Advocacy Skills Workshop.

21. I have served as Executive Co-Editor of the Fourth Edition of Lindemann & Grossman, Employment Discrimination Law (2007), the leading treatise on employment discrimination law. I was also the Executive Co-Editor for the 2002, 2007 and 2008

Supplements. I received California Lawyer Magazine's California Lawyer of the Year ("CLAY") Award in 2014 for extraordinary achievement in Disability Rights. I have been designated as a "Super Lawyer" for Northern California every year since 2005, and one of Northern California Top 50 Women Lawyers in 2009. I am rated as an "AV Preeminent" attorney by Martindale Hubble and have been recognized as one of "The Best Lawyers in America" every year since 2010. I and my firm were named 2021 Elite Trial Lawyer Award finalists by the National Law Journal for our work in disability rights. In addition, I have received honors from the World Institute on Disability, the American Council of the Blind, and the American Foundation for the Blind for my work on behalf of individuals with disabilities. Until January 2021, I was the Vice Chair of the Board of Directors of the Disability Rights Bar Association, and I am a past Chair of the Board of Directors of Disability Rights Advocates.

CASE BACKGROUND

22. I have reviewed evidence from the City of Boston (the "City") that my firm and my co-counsel at CREEC and DLC (collectively, "Class Counsel") obtained through our investigations and negotiations in this case. This evidence demonstrates that inaccessible curb ramps, including those with surface gaps, excessively steep slopes, and other non-compliant features are widespread throughout the City's pedestrian right of way, and that thousands of corners are missing curb ramps altogether. These conditions similarly impede physical access to the pedestrian right of way for all of the City's residents and visitors who have mobility disabilities, including those who use wheelchairs, scooters and other assistive devices.

- 23. Specifically, the evidence we obtained showed that less than half of the City's 23,000 curb ramps were in compliance with applicable disability access standards. This figure does not include corners that are missing curb ramps altogether. Based on our extensive investigation of the City's pedestrian right of way, we estimated that at the commencement of this case, the City had at least 15,000 missing or noncompliant curb ramps. The Declaration of Tim Fox in Support of Plaintiffs' Motion for Preliminary Approval of Class Action Settlement (ECF No. 14 at 4-5) elaborates further on our investigation of the City's pedestrian right of way.
- On May 7, 2018, on behalf of our clients and a potential class of people with mobility disabilities who reside in or visit Boston, my colleagues at CREEC and DLC and I sent the City a letter detailing access barriers in the City's pedestrian right of way. The letter asserted that the City's failure to install and maintain adequate, compliant curb ramps violated the ADA and Section 504. It explained the City's obligations under these statutes and the ways in which the City was failing to meet these obligations. We proposed that the Parties work cooperatively to resolve their claims through structured negotiations rather than litigation. The City agreed, and in June 2018, the Parties entered into an agreement that tolled the statute of limitations on Plaintiffs' claims and identified issues to be addressed through structured negotiations.
- 25. Over the course of the next three years, the Parties negotiated vigorously. We exchanged extensive information regarding the status of existing curb ramps in the City's pedestrian right of way, the City's past and present policies concerning curb ramp construction and remediation, the City's legal obligations under the ADA and Section 504 (including the technical standards that apply to curb ramps), the City's existing system for receiving accessibility-related requests from residents, and the resources available to the City for constructing and remediating curb ramps.

- 26. The Parties discussed their settlement positions at length through dozens of telephone conferences held regularly throughout the three-year period, several in-person meetings, and many email exchanges. This investigation and information exchange have enabled Plaintiffs to understand the scope of the problem and evaluate the City's realistic capabilities. In addition, in June 2020, the City began a comprehensive survey of its curb ramps, which it is concluding this month. Because of the great complexity of both the curb ramp system and the efforts that will be required to bring it into compliance with the ADA and Section 504, this negotiation required a great deal of discussion with counsel and many City representatives over a long period of time.
- 27. The process of settling a case like this one is exponentially more complicated than settling a class action for primarily monetary relief. Rather than being negotiated chiefly by reference to the defendant's probable exposure at trial, here many additional factors influenced the Parties' bargaining positions with respect to each interdependent component of the Settlement. First and foremost, Class Counsel worked with the City to create a schedule by which the City would make a binding commitment to bring the City's curb ramps into full compliance with the ADA and Section 504. This schedule depended not just on Plaintiffs' showing that the current condition of the City's curb ramps violated these statutes, but on what was attainable for the City in light of budgetary concerns, the City's organizational structure, changes caused by the coronavirus pandemic, and the climate, terrain, and politics of Boston, among other considerations. Thus, while ambitious, the schedule is tailored to the City's unique circumstances: it accelerates over the term of the Consent Decree and builds in flexibility for unforeseen events or budgetary fluctuations. At the same time, it ensures accountability, with

monitoring, dispute resolution and Court enforcement mechanisms if the City fails to comply with the Decree's terms.

- 28. Moreover, many other components of the Settlement are necessary to give shape and force to the curb ramp construction schedule, such as the comprehensive curb ramp survey, the online request system, the technical specifications for curb ramps installed or remediated under the Consent Decree, the system for prioritizing certain locations, and Class Counsel's continuing right to monitor the City's compliance with the Consent Decree. Each of these provisions had to be separately negotiated.
- 29. The Parties reached a final agreement on all aspects of the settlement on June 30, 2021. The Proposed Consent Decree is attached in its entirety as Exhibit 2 to my Declaration in Support of Plaintiffs' Unopposed Motion for Preliminary Approval of Class Action Settlement (ECF No. 12-2). Based on my extensive experience litigating and negotiating class actions that improve access to the pedestrian right of way for people with mobility disabilities, I believe that this is an excellent settlement. The requirement that the City install or remediate an average of 1,630 curb ramps per year compares quite favorably to the requirements set out in similar settlements. At the same time, based on information gained through investigating and negotiating this case, I believe that this commitment is realistic and attainable for the City.
- 30. It is difficult to attach a precise monetary value to the injunctive relief required under the Consent Decree. Under the Annual Commitment, the City must install or remediate an average of 1,630 curb ramps per year, unless it would otherwise achieve curb ramp saturation before the end of 2030 or it can show extreme impracticability, difficulty, or expense. Consent Decree § 5.1.4 (ECF No. 12-2 at 14). Based on our experience in similar cases, the average cost to a city like Boston to install a curb ramp is approximately \$7,500, with the range of costs

running from about \$4,000 on the low end to \$30-50,000 on the high end for very complicated corners. Consequently, the value of the curb ramp commitment provided by this Settlement is likely over \$100 million. In terms of achieving an increase over the level of work the City was performing prior to these negotiations, as explained by my co-counsel Tim Fox, immediately prior to our intervention, the City was constructing fewer than 800 curb ramps per year, on average. *See* Declaration of Timothy P. Fox in Support of Plaintiffs' Motion for Attorneys' Fees, Costs, and Expenses, filed herewith, ¶ 15. Assuming that the City was going to maintain that level of spending over the next two decades, of which there was no guarantee, it is likely that as a result of this Settlement the City will increase annual spending on curb ramp construction by at least \$6,225,000, for a total increase in spending of more than \$62 million over the term of the Consent Decree.

31. This figure underestimates the value of the Settlement, because it does not take into account the time and money the City will spend (or has already spent as a result of this Settlement): (1) conducting a comprehensive survey of its curb ramp system; (2) creating an "Implementation Plan" that takes into account the priorities set out in the Consent Decree; (3) maintaining a curb ramp request system accessible through its website or by telephone; (4) maintaining all compliant curb ramps in good condition; (5) addressing puddles of melted snow that interfere with access to curb ramps and other weather-related conditions; (6) employing an ADA Coordinator; (7) providing annual written reports so that Class Counsel can monitor the City's progress; and (8) resolving any disputes that might arise. Moreover, it does not take into account the Settlement's value for the many thousands of individuals with mobility disabilities who live in, work in, or visit Boston and will benefit from greatly improved access to the pedestrian right of way for years to come. It also does not take into account that as a result of the

Settlement the City is compelled by court order to install or remediate 1,630 ramps per year in compliance with the technical specifications under federal law. Under any estimate of the value of the Settlement, Plaintiffs' requested award of \$764,898.30 in attorneys' fees (exclusive of costs and expenses) represents a tiny fraction of the settlement's total benefit to Class Members.

REASONABLENESS OF REQUESTED HOURS

32. Class Counsel have kept accurate, detailed, contemporaneous records of our time spent on this case. In all instances, the timekeeper indicates the date and amount of time spent on a task to one-tenth of an hour, describes the work that was performed during the indicated time period, and identifies the case to which the time should be charged. I reviewed my firm's billing records and applied billing judgment to eliminate or reduce entries that were excessive, unreasonably duplicative, inappropriate for the biller (such as clerical or administrative tasks billed by attorneys), insufficiently detailed, or otherwise erroneous or non-compensable. I deducted a few entries for multiple billers on conferences, leaving in the records for, at times, fewer billers or a single biller. I also deducted all time by certain billers who spent less than 15 hours on the case, even though their work was productive and essential to the successful resolution of this case. For example, I deleted the 7 hours spent on the case by my partner Andrew P. Lee, who has a deep background in the legal and technical requirements applicable to pedestrian right of way access for people with mobility disabilities and lent his expertise to help analyze proposed methodologies for the comprehensive curb ramp survey that the City is conducting under the settlement. A true and correct copy of the resulting billing records, after exercising billing judgment, is attached hereto as Exhibit 3.

- 33. My co-counsel Tim Fox from CREEC and Tom Murphy from DLC likewise applied billing judgment to their firms' billing records. All together, Class Counsel's exercises of billing judgment have resulted in an approximately 5.6% reduction from our original lodestar.
- 34. Through August 27, 2021, Class Counsel have devoted a total of 1,401 hours (after billing judgment) to investigating this case and negotiating, finalizing, and seeking the Court's approval of the Settlement. This figure also includes work spent on this Motion. For that work, Class Counsel seek a total lodestar of \$684,898.30.
- 35. We will continue to devote time to this case over the next two months until final approval of the settlement is granted and final judgment entered in the case. This will include time spent responding to the City's opposition to this Motion, which the City has the option to file; obtaining, analyzing and responding to the results of the comprehensive curb ramp survey, which we expect to receive on August 31, 2021; continuing to oversee the class notice process; responding to Class Member inquiries about the Settlement; drafting a motion for final approval of the Settlement; responding to any objections submitted by Class Members; and appearing at the Fairness Hearing. Class Counsel anticipate spending an additional estimated lodestar of \$80,000 on these tasks through the Effective Date of the Settlement. This estimate is based on our extensive experience finalizing class action settlements and litigating contested attorneys' fee petitions. Prior to the Fairness Hearing, we will supplement this Motion with our actual time records and lodestar for this work. Regardless of the amount of fees Class Counsel actually incur between August 28, 2021 and the Effective Date, we will not seek to recover more than the requested \$80,000 for that time, but will seek to recover our actual lodestar up to that amount.
- 36. As reflected in Class Counsel's contemporaneous billing records, to date, Class Counsel spent time: (1) conducting an extensive initial investigation into accessibility of the

City's curb ramp system, including through on-site inspections, client interviews, and analysis of public records; (2) preparing a detailed demand letter outlining Plaintiffs' claims; (3) entering into a structured negotiations agreement with the City; (4) engaging in dozens of sessions of detailed settlement discussions with the City over the course of three years; (5) exchanging extensive information and analysis regarding the City's policies and practices for construction, maintenance, and inspection in the public right of way, as well as budgetary materials, design documents, and existing data on the accessibility of the City's curb ramps; (6) providing expertise on technical specifications for curb ramps; (7) negotiating an initial term sheet; (8) negotiating every detail of the proposed Consent Decree; (9) prompting and facilitating the City's comprehensive curb ramp survey, including extensive discussions regarding the scope and sufficiency of data being collected; (10) preparing the Complaint and other filings to obtain the Court's approval of the Settlement; and (11) conferring with Named Plaintiffs throughout.

- 37. Class Counsel's staffing of this case was efficient and reasonable. CREEC, DLC, and GBDH shared the workload and made every effort to avoid unnecessary duplication of work, the vast majority of which was performed by four attorneys and a handful of other legal professionals. Each firm brought complementary areas of expertise to bear on a complex, technical case, all of which contributed to the excellent result achieved. In addition, the attorneys focused on work that was appropriate to their levels of experience and billing rates, with associates doing most of the drafting of pleadings and briefs, and paralegals performing time-consuming tasks like data collection and analysis. A summary of the roles fulfilled by GBDH's attorneys and staff on this case are as follows:
- 38. *Linda M. Dardarian*. I am a partner at GBDH with 34 years of experience, including an extensive background in complex disability access matters and Structured

Negotiations, as summarized in paragraphs 6 through 21, above. As the head of GBDH's disability rights practice, my work on this case focused on strategy, settlement negotiations, and high-level supervision of the GBDH legal team. I took lead on all negotiation sessions with the City and strategic direction and decision making during the years-long negotiation process, and was responsible for corresponding with the City on a day-to-day basis. I also reviewed and revised all written work product, including settlement correspondence, the initial term sheet, the Consent Decree, the Settlement Notice, the Complaint, Plaintiffs' Motion for Preliminary Approval of Class Action Settlement, Plaintiffs' Motion for Service Awards, and this Motion. As shown in the table in paragraph 45, I have spent 207.3 hours on this matter through August 27, 2021. At my requested hourly rate of \$795, this results in a lodestar of \$164,803.50.

from Harvard Law School in 2013 and grew up in the Boston area. Prior to joining GBDH in 2014, he clerked for the Honorable Marilyn L. Huff in the United States District Court for the Southern District of California. During his time at GBDH, Mr. Wendell has been responsible for all facets of employment, disability, and consumer class actions and other complex litigation, from pre-filing investigation, discovery, and motion practice through class certification, trial, appeal, and/or settlement approval. Mr. Wendell has served as a member of class counsel on several systemic disability discrimination cases, including *Willits v. City of Los Angeles*, No. CV 10-05782 CBM (RZx) (C.D. Cal.), *Ochoa v. City of Long Beach*, No. 14-cv-04307-DSF (C.D. Cal.), and *Reynoldson v. City of Seattle*, No. 2:15-cv-01608-MJP (W.D. Wash.). Mr. Wendell was also class counsel in a case that was filed in this District, *Bazerman v. American Airlines, Inc.*, No. 1:17-CV-11297-WGY (D. Mass.). As mentioned above, in *Bazerman*, Judge Young praised Mr. Wendell's and the rest of the GBDH team's representation as "exemplary." *See* Ex.

- 2 at p. 11. In 2020, Mr. Wendell was selected as one of the nation's top lawyers under the age of 40 by Law360.
- 40. Mr. Wendell was responsible for drafting nearly all of the written work product in this case, including settlement correspondence, the initial term sheet, the Consent Decree, the Settlement Notice, Plaintiffs' Motion for Preliminary Approval of Class Action Settlement, this Motion, and several declarations. He participated in nearly all of the negotiation and co-counsel strategy sessions, which also provided context for his written work. He also conducted legal research and reviewed the work product of lower rate billers, including the Complaint. As shown in the table in paragraph 45, he has spent 363.0 hours on this matter through August 27, 2021. At his requested hourly rate of \$495, this results in a lodestar of \$179,685.00.
- 41. *Katharine Fisher*. An associate at GBDH, Ms. Fisher graduated from Berkeley Law School in 2015. Prior to joining GBDH, Ms. Fisher was a legal fellow in the Gender Equity & LGBT Rights and Work & Family Programs at the Legal Aid at Work (formerly Legal Aid Society Employment Law Center). Ms. Fisher has litigated several class actions involving disability rights, consumer justice, and wage and hour violations. In this case, Ms. Fisher drafted Plaintiffs' Motion for Service Awards and worked with the Plaintiffs on their declarations in support of that motion. As shown in the table in paragraph 45, she has spent 20.2 hours on this matter through August 27, 2021. At her requested hourly rate of \$465, this results in a lodestar of \$9,393.00.
- 42. **Scott Grimes.** A senior paralegal and statistician with 32 years of case management and complex litigation experience, Mr. Grimes also has a master's degree in statistics. His work in this matter involved analyzing databases of the City's construction in the public right of way and access barriers in the City's curb ramp system, which helped the Parties

understand and appreciate the scope of the City's ADA and Section 504 violations. He also supervised distribution of the Settlement Notice and production of various filings, including Plaintiffs' Motion for Preliminary Approval of Class Action Settlement, Plaintiffs' Motion for Service Award, and this Motion. As shown in the table in paragraph 45, he has spent 93.4 hours on this matter through August 27, 2021. At his requested hourly rate of \$255, this results in a lodestar of \$23,817.00.

- 43. **Damon Valdez.** A paralegal with approximately 28 years of litigation experience, Mr. Valdez's primary duties in this matter involved identifying and tracking ADA and Section 504 violations in the City's curb ramp system. As shown in the table in paragraph 45, he has spent 110.9 hours on this matter through August 27, 2021. At his requested hourly rate of \$225, this results in a lodestar of \$24,952.50.
- 44. *Stuart Kirkpatrick.* A paralegal with nine years of litigation experience, Mr. Kirkpatrick's primary duties in this matter included identifying and tracking ADA and Section 504 violations in the City's curb ramp system, reviewing documents regarding the City's construction in the public right of way and access barriers in the City's curb ramp system, helping distribute the Settlement Notice, and assisting with numerous court filings, including Plaintiffs' Motion for Preliminary Approval of Class Action Settlement, Plaintiffs' Motion for Service Award, and this Motion. As shown in the table in paragraph 45, he has spent 203.9 hours on this matter through August 27, 2021. At his requested hourly rate of \$225, this results in a lodestar of \$45,877.50.
- 45. In summary, the following table shows the amount of time spent on this matter by GBDH timekeepers through August 27, 2021 (totaling 998.7 hours), multiplied by their requested hourly rates, and the resulting total lodestar:

| Name | Position | Years of | Hours | Requested | Total |
|--------------------|---------------------|---------------|--------|-----------|--------------|
| | | Experience/ | | Rate | |
| | | Grad. Year | | | |
| Linda M. Dardarian | Partner | 34 years/1987 | 207.30 | \$795 | \$164,803.50 |
| Raymond Wendell | Associate | 8 years/2013 | 363.00 | \$495 | \$179,685.00 |
| Katharine Fisher | Associate | 6 years/2015 | 20.20 | \$465 | \$9,393.00 |
| Scott G. Grimes | Senior Paralegal | 32 years | 93.40 | \$255 | \$23,817.00 |

REASONABLENESS OF REQUESTED RATES

- 46. As set out in paragraphs 38 through 44 above, my colleagues at GBDH and I have extensive expertise in multiple areas relevant to this lawsuit. In light of our credentials and the complexity of this matter, our work merits compensation at the higher end of the market.
- 47. GBDH periodically (typically on an annual basis) establishes hourly rates for the firm's billing personnel. GBDH establishes those rates based on the prevailing market rates for attorneys and law firms in the San Francisco Bay Area that have attorneys and staff of comparable skill, experience, and qualifications. Those rates are charged to defendants with whom we have settlement agreements that require monitoring, and those defendants pay us by the hour on a regular billing basis, much like a paying client. They are also the rates that we presumptively claim in our fee applications in all of our contingent, fee-shifting cases, and they

are the rates that are typically awarded to us for complex litigation in California. For this case's billers, our rates for the year 2020 that were approved by state and federal courts are as follows: \$945 for me, \$490 for Raymond Wendell, \$465 for Katharine Fisher, \$350 for Scott Grimes, and \$285-325 for other paralegals. Our regular 2021 rates have increased since then.

- 48. For example, in *Artie Lashbrook v. City of San Jose*, No. 5:20-cv-01236-NC, ECF No. 25 (N.D. Cal. Sept. 2, 2020), the court approved as reasonable GBDH's 2020 hourly rates, ruling that they were "within the market range of hourly rates charged by attorneys of comparable experience, reputation, and ability for similar litigation." Those rates were as follows: \$945 for me, \$325 for Scott Grimes, and \$285 for Stuart Kirkpatrick. Attached hereto as Exhibit 4 is a true and correct copy of the order granting final approval and awarding attorneys' fees, costs, and expenses to the plaintiff in *Lashbrook*.
- 49. Additionally, on July 23, 2020, as class counsel in *Abdul Nevarez et al. v. Forty Niners Football Company, LLC, et al.*, No. 5:16-cv-07013-LHK, ECF No. 416 (N.D. Cal. Jul. 23, 2020), GBDH was awarded our full lodestar, adjusted by an upward multiplier of 1.124, based on our 2019 hourly rates, which were as follows: \$925 for me, \$475 for Raymond Wendell, \$450 for Katharine Fisher, \$325 for Scott Grimes, \$295 for Damon Valdez, and \$275 for Stuart Kirkpatrick. Attached hereto as Exhibit 5 is a true and correct copy of the order granting final approval and awarding attorneys' fees, costs, and expenses to the plaintiffs in *Nevarez*.
- 50. Even though this case is filed in the District of Massachusetts, I believe we would be justified in seeking attorneys' fees based on our regular, Bay Area rates. We are uniquely qualified to resolve complex disputes regarding disability access, particularly with regard to the pedestrian right of way. See, e.g., Arbor Hill Concerned Citizens Neighborhood Ass'n v. Cnty. of

Albany and Albany Cnty. Bd. of Elections, 522 F.3d 182, 191 (2d Cir. 2008). Instead, we are taking a more conservative approach by requesting significantly reduced rates for most of our billers that we calculated by reference to prevailing rates in the Boston legal market.

- 51. Our starting point for reducing our rates was a prior class action settlement in which we were awarded fees by a court in the District of Massachusetts in early 2019: *Max Bazerman v. American Airlines, Inc.*, No. 1:17-CV-11297-WGY, ECF No. 104 (D. Mass. Apr. 8, 2019). In *Bazerman*, the court awarded our full lodestar, adjusted by an upward multiplier of 1.157. The rates we used to calculate our lodestar were as follows: \$740 for me, \$450 for Raymond Wendell, \$235 for senior paralegal Scott Grimes, and \$210 for experienced paralegals.
- 52. As is standard in the legal market, we increase our rates every year to reflect simple inflation and other market changes. For this case, we identified appropriate hourly rates by adjusting our *Bazerman* hourly rates by the rate of increase of the consumer price index published by the United States Bureau of Labor Statistics between January 2019 (when the plaintiff in *Bazerman* filed his motion for attorneys' fees) and July 2021. From there, we adjusted upward or downward by \$5 to \$10, yielding the following hourly rates: \$795 for me, \$495 for Raymond Wendell, \$255 for Scott Grimes, and \$225 for Damon Valdez and Stuart Kirkpatrick. The \$465 rate for Katharine Fisher was set in proportion with these, based on her experience.
- 53. The rates that we requested in *Bazerman*, which formed the basis of the attorneys' fee that the court approved, were based on the then-current edition of the *Real Rate Report*Snapshot published by Wolters Kluwer. Accordingly, in setting GBDH's requested rates for this

¹ See United States Bureau of Labor Statistics, CPI Inflation Calculator, bls.gov/data/inflation_calculator.htm.

case, I referred to the 2020 version of the *Real Rate Report Snapshot* ("2020 Real Rate Report"), which is the most up-to-date version currently available. We often use this report because it is based on a large dataset reflecting actual hourly rates paid to billing attorneys and paralegals, including over 500 litigation attorneys in the Boston area. The 2020 Real Rate Report provides data on 2019 billing rates for the first quartile, median, and third quartile, broken down by market, litigation or non-litigation practice, partner or associate status, and practice area. A true and correct copy of relevant excerpts from the 2020 Real Rate Report is attached hereto as Exhibit 6.

54. One limitation of the 2020 Real Rate Report is that none of the highlighted practice areas correspond to the complex class action practice that my firm maintains. As a result, I relied on the data reflecting billing rates for Boston litigation attorneys across practice areas, which has a sample size of over 500 attorneys. In Bazerman, GBDH's billing rates were based on the third-quartile figures from the then-applicable version of this chart. Here, the rates we are requesting are squarely between the median and third-quartile figures for Boston litigation attorneys across practice areas according to the 2020 Real Rate Report. I believe that this is a quite reasonable comparison based on my firm's skill, experience, and expertise in class actions, disability access, and pedestrian right of way issues and the quality of the representation in this case. The data that I relied on can be found on page 20 of the 2020 Real Rate Report and is reprinted below for the Court's convenience. Because the 2020 Real Rate Report is based on data from 2019, I have calculated inflation-adjusted values by reference to the increase in the consumer price index between June 2019 and July 2021. The inflation-adjusted values appear in italics and bold font adjacent to the Real Rate Report's 2019 figures.

Hourly Rates for Litigation Attorneys in Boston in 2019, 2021 (Adjusted for Inflation)

| Position | First Quartile | Median | Third Quartile |
|-----------|----------------------|----------------------|----------------------|
| Partner | \$410 / \$436 | \$650 / \$693 | \$833 / \$888 |
| Associate | \$325 / \$346 | \$425 / \$453 | \$587 / \$626 |

- 55. As this chart from the 2020 Real Rate Report shows, the hourly rates that GBDH is requesting in this case (\$795 for senior partner and \$465 to \$495 for associates) fall squarely between the median and third-quartile figures for litigation attorneys in Boston. The 2020 Real Rate Report therefore confirms that the requested rates are reasonable.
- 56. Although the 2020 Real Rate Report does not contain data specific to Boston-area paralegals, it contains nationwide data. According to a chart appearing on page 10, the billing rate for the first quartile of paralegals in 2019 was \$150; for the median, \$213; and for the third quartile, \$289. Adjusted for inflation, the billing rate for the first quartile of paralegals would be \$160; for the median, \$227; and for the third quartile, \$308. The rates we are requesting for GBDH's highly experienced paralegals (\$225 to \$255) are therefore between the median and the third quartile for paralegals nationwide.
- 57. Recent awards of attorneys' fees ordered in complex and class cases filed in federal and state courts in Massachusetts further confirm that our requested rates are reasonable. For instance, *Crane v. Sexy Hair Concepts, LLC*, No. 17-cv-10300-FDS, 2019 WL 2137136, at *2 (D. Mass. May 14, 2019) was a class action alleging unfair and deceptive trade practices under Massachusetts law. The court ordered an award of attorneys' fees that exceeded class counsel's lodestar. *Id.* Class counsel, a Boston-based plaintiffs' firm, based its lodestar calculation on hourly rates ranging from \$720 to \$925 for partners, from \$350 to \$575 for associates, and \$225 for all paralegals. Adjusted for inflation, those rates are equivalent to

hourly rates ranging from \$778 to \$999 for partners, from \$378 to \$621 for associates, and \$243 for all paralegals. Attached hereto as Exhibit 7 is a true and correct copy of the declaration of counsel setting out the hourly rates used to calculate the lodestar, which my staff downloaded from PACER.

- 58. NPS LLC v. Ambac Assurance Corp., 190 F. Supp. 3d 212, 220-24 (D. Mass. 2016) was a complex commercial action. The court awarded hourly rates ranging from \$657 to \$742 for partners and from \$329 to \$491 for associates. Adjusted for inflation, those rates are equivalent to hourly rates ranging from \$744 and \$840 for partners and from \$373 and \$556 for associates.
- 59. In my professional judgment and based on my decades of experience litigating and resolving complex civil rights disputes, the extensive injunctive relief required under the Consent Decree represents a truly outstanding result for the Class. In light of the excellent outcome, Plaintiffs could justifiably request an upward adjustment of the lodestar. *See, e.g., New England Carpenters Health Benefits Fund v. First Databank, Inc.*, No. 05-CV-11148-PBS, 2009 WL 2408560, at *2 (D. Mass. Aug. 3, 2009). However, we have opted not to request an upward multiplier and instead only seek an award of our full lodestar.

REASONABLENESS OF COSTS AND EXPENSES

- 60. GBDH is seeking reimbursement of its reasonable out-of-pocket costs and expenses incurred in this matter pursuant to the ADA and Section 504. *See* 42 U.S.C. § 12205; 29 U.S.C. § 794a(b).
- 61. The items we have included in our costs and expenses are billed separately and are not included in my firm's lodestar. For accounting purposes and to ensure that all costs and expenses are accurately assigned to the appropriate case, it is my firm's practice to assign a unique billing code for each case that we investigate, litigate, or negotiate. This case had a

unique billing code, and all expense records, receipts, and billing statements reflecting costs and expenses associated with this case were assigned to that billing code.

- 62. My firm's total costs and expenses in this matter through August 27, 2021 come to \$2,044.54. Those costs include in-house copying and printing, telephone charges, electronic legal research, and travel expenses. GBDH paid these costs and expenses on a regular and timely basis as they were incurred. All of these costs and expenses have been necessarily and reasonably incurred. A table accurately summarizing these costs and expenses, followed by an itemization of the costs and expenses, is attached hereto as Exhibit 8.
- 63. Based on my extensive experience obtaining final approval of class action settlements in various courts, I anticipate that, if the Court sets the hearings on this motion and the motion for final approval of the settlement to take place in person, Class Counsel will incur approximately \$10,000 in additional costs and expenses between today and the Fairness Hearing, bringing Class Counsel's anticipated total for the case to \$14,973.48 (\$2,044.54 for GBDH, \$2,226.94 for CREEC, \$702.00 for DLC, plus anticipated cap of \$10,000). If the Court sets the hearing to take place virtually, these future costs will be significantly lower. Prior to the fairness hearing, Class Counsel will supplement this Motion with our actual cost figures for this time period.
- 64. Attached hereto as Exhibit 9 is a true and correct copy of the order granting final approval and awarding attorneys' fees, costs, and expenses, and service awards of \$5,000 to each of the plaintiffs in *Hines v. City of Portland*, No. 3:18-cv-00869-HZ, ECF No. 40 (D. Or. Sept. 27, 2018).

65. Attached hereto as Exhibit 10 is a true and correct copy of the order granting service awards of \$5,000 to each of the plaintiffs in *Reynoldson v. City of Seattle*, No. 2:15-cv-01608-BJR, ECF No. 60 (W.D. Wash. Nov. 1, 2017).

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct, and that this Declaration was executed this 30th day of August, 2021, in Oakland, California.

EXHIBIT 1

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF MASSACHUSETTS

MAX BAZERMAN, individually and on behalf of others similarly situated,

Plaintiff,

vs.

AMERICAN AIRLINES, INC., a Delaware Corporation,

Defendant.

Case No.: 1:17-CV-11297-WGY

PROPOSED FINAL ORDER APPROVING CLASS ACTION SETTLEMENT AND ENTERING FINAL JUDGMENT

This motion for final approval, having been brought before the Court jointly by the Parties, the Parties having entered into a settlement agreement with attached exhibits (collectively, the "Settlement"), signed and filed with this Court on June 7, 2018, to settle Bazerman v. American Airlines, Inc., Case No. 1:17-cv-11297-WGY (the "Action"); and

The Court, having entered an Order dated June 22, 2018 (ECF No. 65, the "Preliminary Approval Order") preliminarily certifying the putative class in this action for settlement purposes only under Fed. R. Civ. P. 23(a) and (b)(3), ordering individual notice to members of the Settlement Class, scheduling a Fairness Hearing for December 17, 2018 (later rescheduled to April 4, 2019) that provides potential members of the Settlement Class with an opportunity either to exclude themselves from the Settlement Class or to object to the proposed settlement, and issuing related Orders; and the Court, having held a Fairness Hearing on April 4, 2019 to determine whether to grant final approval of the proposed settlement and issue related relief; and

The Court, having considered the papers submitted by the Parties and by all other persons who timely submitted papers in accordance with the Preliminary Approval Order, and having

heard oral presentations by the Parties and all persons who complied with the Preliminary

Approval Order, and based on all of the foregoing, together with this Court's familiarity with the

Action, it is hereby ORDERED, ADJUDGED, AND DECREED as follows:

- 1. This Final Order Approving Class Action Settlement incorporates and makes a part hereof: (a) the Settlement, including all exhibits thereto, and definitions included therein, which was signed and filed with this Court on June 7, 2018; (b) the briefs, affidavits, and other materials filed in support of the settlement, Service Awards, and Class Counsel's request for an award of attorneys' fees and reimbursement of expenses and costs; (c) the record at the Fairness Hearing; (d) the documents listed on the docket sheet or otherwise submitted to the Court; and (e) all prior proceedings in the Action. All terms used herein, unless otherwise defined, shall have the same meanings as set forth in the Settlement.
- 2. Because due, adequate, and the best practicable notice has been disseminated and all Settlement Class Members have been given the opportunity to exclude themselves from or object to this class action settlement, the Court has personal jurisdiction over all Settlement Class Members. The Court has subject-matter jurisdiction over the claims asserted in the complaint and/or the Action pursuant to 28 U.S.C. §§ 1332 and 1367, including, without limitation, jurisdiction to approve the proposed settlement and the Settlement, grant final certification to the Settlement Class, dismiss the Action on the merits and with prejudice, and issue related orders. The Court finds that venue is proper in this district pursuant to 28 U.S.C. § 1391.
- 3. The Class preliminarily certified by this Court is hereby finally certified for settlement purposes only under Fed. R. Civ. P. 23(a) and (b)(3), the Court finding that the

Settlement Class fully satisfies all the applicable requirements for Fed. R. Civ. P. 23 and due process. The Settlement Class shall consist of, collectively:

All residents of the United States (including the fifty states, the District of Columbia, the U.S. Virgin Islands, and Puerto Rico) who:

- a. traveled on American Airlines ("American"),
- b. at any time between July 13, 2013 and the Settlement Date (the "Class Period"), and
- c. meets the criteria of either or both subsections (1) and (2) below:
 - (1) were charged a checked bag fee inconsistently with statements in American's Baggage Policy that passengers may check one or more bags for no additional charge, excluding oversized and overweight checked bags, specialty items, and sports equipment, for any of the following reasons:
 - i. At the time of check-in, the passenger held a First or Business Class ticket for a domestic flight;
 - ii. At the time of check-in, the passenger held a Business Class ticket for an international flight;
 - iii. At the time of check-in, the passenger held
 AAdvantage elite status with American or an
 equivalent frequent flyer elite status with a partner
 airline, or traveled on the same itinerary as a
 passenger who held such status;
 - iv. At the time of check-in, the passenger was an active U.S. Military member or the dependent of a U.S. Military member travelling on orders;
 - v. At the time of check-in, the passenger was an active U.S. Military member on personal travel.
 - (2) were charged a checked bag fee inconsistently with a Confirmation Email received by the passenger stating eligibility to check a first bag for that ticketed trip at no additional charge.

Specifically excluded from the Settlement Class are the following Persons: (1) American and its respective parents, subsidiaries, divisions, affiliates, associated entities, business units, predecessors in interest, successors, successors in interest and representatives and each of their respective immediate family members; (2) Class Counsel; and (3) the judges who have presided over the Litigation and any related cases.

- 4. The Court finds that only those individuals specifically listed in Exhibit D to the Declaration of Steven J. Giannotti and filed with the Court, and no other member of the Settlement Class, have submitted timely and valid Opt-Out requests and are therefore not bound by this Final Order and Judgment. Attached hereto as Exhibit A is the list of individuals who submitted timely and valid Opt-Out requests are therefore neither permitted to share in the benefits nor bound by this Final Order and Judgment, except for Opt-Outs who subsequently elected to submit Claim Forms before the Claim Deadline. All other Settlement Class Members are bound by the terms and conditions of the Settlement and this Final Order and Judgment.
- 5. Plaintiff Max Bazerman has adequately represented the Settlement Class for purposes of entering into and implementing the Settlement. Linda M. Dardarian, Byron Goldstein, and Raymond Wendell of Goldstein, Borgen, Dardarian & Ho; and Benjamin Edelman of Law Offices of Benjamin Edelman, are experienced and adequate Class Counsel. Plaintiff and Class Counsel have satisfied the requirements of Fed. R. Civ. P. 23(a)(4) and 23(g) and are hereby appointed as Class Representatives.
- 6. The Court finds that the dissemination of the Class Notice, the establishment of a website containing settlement-related materials, the establishment of a toll-free telephone number, and all other notice methods set forth in the Settlement and the Declaration of the Settlement Administrator, and the notice dissemination methodology implemented pursuant to

the Settlement and this Court's Preliminary Approval Order, as described in the Declaration of Steven J. Giannotti, which is hereby incorporated herein and made a part hereof:

- a. constituted the best practicable notice to members of the Settlement Class under the circumstances of the Action;
- b. constituted notice that was reasonably calculated, under the circumstances, to apprise the Settlement Class of the pendency of the Action, of their right to object to or exclude themselves from the proposed Settlement, of their right to appear at the Fairness Hearing, and of their right to obtain monetary relief from this Settlement;
- c. constituted reasonable, due, adequate and sufficient notice to all Persons entitled to receive notice; and
- d. constituted notice that met all applicable requirements of the Federal Rules of Civil Procedure, 28 U.S.C. § 1715, the Due Process Clause of the United States Constitution, and any other applicable law, as well as complied with the Federal Judicial Center's illustrative class action notices.
- 7. The Court finds that the Claim Form that was distributed to the Settlement Class met all applicable requirements of the Federal Rules of Civil Procedure, 28 U.S.C. § 1715, the Due Process Clause of the United States Constitution, and any other applicable law.
- 8. The terms and provisions of the Settlement have been entered into in good faith and are hereby fully and finally approved as fair, reasonable, and adequate as to, and in the best interests of, each of the Parties and the Settlement Class Members, and in full compliance with all applicable requirements of the Federal Rules of Civil Procedure, the Class Action Fairness Act of 2005, Pub. L. 109-2, Stat. 4, the United States Constitution (including the Due Process Clause), and any other applicable law. The Settlement is approved. No objections to the

Settlement have been made. The Parties are hereby directed to implement and consummate the Settlement according to its terms and provisions. Class Counsel and Defendant shall take all steps necessary and appropriate to provide Settlement Class Members with the benefits to which they are entitled under the terms of the Settlement.

- 9. The terms of the Settlement and of this Final Order and Judgment shall be forever binding on Plaintiffs, Defendant, and all Settlement Class Members, as well as their respective present, former, and future administrators, agents, assigns, attorneys, executors, heirs, partners, predecessors-in-interest and successors, and those terms shall have *res judicata* and other preclusive effect in all pending and future claims, lawsuits, or other proceedings maintained by or on behalf of any such persons, to the extent those claims, lawsuits, or other proceedings involve matters that are encompassed by the Release.
- 10. The Release, which is set forth in Section XII of the Settlement, is expressly incorporated herein in all respects, including all defined terms used therein, is effective as of the date of this Final Order and Judgment, and forever discharges the Released Parties from any claims or liabilities based on the Released Claims. Plaintiff and all Settlement Class Members have conclusively compromised, settled, dismissed, and released any and all Released Claims against Defendant and the Released Persons. Plaintiff and all Settlement Class Members, whether or not they have returned a Claim Form within the time and in the manner provided for, are barred from asserting any Released Claims against Defendant and/or any Released Persons.
- 11. All Settlement Class Members and/or their representatives, and all persons acting on their behalf (including but not limited to the Releasing Parties), who have not been timely excluded from the Settlement Class are hereby permanently barred and enjoined from (1) filing, commencing, prosecuting, intervening in or participating (as class members or otherwise) in any

other lawsuit or administrative, regulatory, arbitration or other proceeding in any jurisdiction based on the Released Claims; and (2) organizing Settlement Class Members into a separate class for purposes of pursuing as a purported class action any lawsuit or arbitration or other proceeding (including by seeking to amend a pending complaint to include class allegations or seeking class certification in a pending action) based on the Released Claims, except that Settlement Class Members are not precluded from participating in any investigation or suit initiated by a state or federal agency. All Settlement Class Members and all persons in active concert or participation with Settlement Class Members, including all persons acting on their behalf (including but not limited to the Releasing Parties), are permanently barred and enjoined from organizing or soliciting the participation of any members of the Settlement Class who did not timely exclude themselves from the Settlement Class into a separate class or group for purposes of pursuing a putative class action, any claim, or lawsuit in any jurisdiction that is covered by the Release. Pursuant to 28 U.S.C. §§ 1651(a) and 2283, the Court finds that issuance of this permanent injunction is necessary and appropriate in aid of the Court's continuing jurisdiction and authority over the Action.

- 12. Nothing in this Final Order and Judgment shall preclude any action to enforce the terms of the Settlement, including those relating to participation in any of the processes detailed in the Settlement.
- 13. Nothing in this Final Order and Judgment shall preclude the Parties, without further approval from the Court, to agree to and adopt such amendments, modifications, and expansions of the Settlement and all exhibits thereto as (1) shall be consistent in all material respects with this Final Order and Judgment; and (2) do not limit the rights of the Parties or Settlement Class Members.

- 14. Class Counsel are hereby awarded attorneys' fees and reimbursement of their costs and expenses in the amount of at least \$2,250,000, which amount is approved as fair and reasonable, pursuant to Fed. R. Civ. P. 23(h) and is in accordance with the terms of the Settlement. The Court finds that the above stated award of attorneys' fees is fair and reasonable in consideration of, among other things, the efforts of Class Counsel and the settlement they achieved for the Settlement Class, and that the amount of costs and expenses is reasonable and was reasonably incurred in the course of the litigation. Class Counsel, in their discretion, shall allocate and distribute this award of attorneys' fees and expenses among Plaintiff's Counsel. Defendant's objections to Class Counsel's request for an award of attorneys' fees and reimbursement of costs and expenses are hereby overruled.
- 15. The Court will consider whether to award Class Counsel up to an additional \$500,000 in attorneys' fees, costs, and expenses. The Parties have thirty days from the issuance of this Order to submit optional further briefing in support of or opposition to such additional sum.
- 16. The Court hereby awards \$2,500 to Plaintiff Max Bazerman as a service award in his capacity as a Plaintiff and Class Representative in this Action. The Plaintiff's individual Release, as described in Section XII of the Settlement, is deemed effective and binding on Plaintiff as of the Effective Date.
- 17. The preceding three paragraphs of this Final Order cover, without limitation, any and all claims against the Released Parties for attorneys' fees, expenses and costs incurred by Plaintiff and Class Counsel in connection with the Action, the settlement of the Action, the administration of such settlement, and/or the Release, except to the extent otherwise specified in this Final Order and Judgment and the Settlement.

- 18. The Court has jurisdiction to enter this Final Order and Judgment. Without in any way affecting the finality of this Final Order and Final Judgment, this Court expressly retains jurisdiction as to all matters relating to the administration, consummation, enforcement, and interpretation of the Settlement and of this Final Order and Judgment, and for any other necessary purpose, including, without limitation:
- a. enforcing the terms and conditions of the Settlement and resolving any disputes, claims, or causes of action that, in whole or in part, are related to or arise out of the Settlement or this Final Order and Judgment (including, without limitation, whether a person or entity is or is not a Settlement Class Member and whether claims or causes of action allegedly related to this case are or are not barred by this Final Order and Judgment; and whether persons or entities are enjoined from pursuing any Released Claims against Defendant);
- b. entering such additional Orders as may be necessary or appropriate to protect or effectuate this Final Order and Judgment and the Settlement (including, without limitation, Orders enjoining persons or entities from pursuing any Released Claims against Defendant), dismissing all Released Claims on the merits and with prejudice, and permanently enjoining Settlement Class Members from initiating or pursuing proceedings on the Released Claims (except as set forth herein), or to ensure the fair and orderly administration of this settlement; and
- c. entering any other necessary or appropriate Orders to protect and effectuate this Court's retention of continuing jurisdiction; provided, however, that nothing in this paragraph is intended to restrict the ability of the Parties to exercise their rights as otherwise provided in the Settlement.
 - 19. Neither this Final Order and Judgment nor the Settlement (nor any other

document referred to herein, nor any action taken to carry out this Final Order and Judgment) is, may be construed as, or may be used as evidence of, a presumption, concession or an admission of liability or of any misrepresentation or omission in any statement or written document approved or made by American or any Released Persons or of the suitability of these or similar claims to class treatment in active litigation and trial; provided, however, that reference may be made to the Settlement in such proceedings solely as may be necessary to effectuate the Settlement.

The Action is hereby dismissed on the merits and with prejudice as to the 20. Released Claims, without fees or costs to any Party except as otherwise provided in this Order and the Settlement.

IT IS SO ORDERED.

1 PROCEEDINGS 2 (Begins, 2:00 p.m.) 3 THE CLERK: Now hearing Civil Matter 17-11297, Max Bazerman versus American Airlines. 4 5 THE COURT: Good afternoon. Would counsel identify themselves. 6 7 MS. DARDARIAN: Good afternoon, your Honor, 8 Linda Dardarian for the plaintiffs and with me is my associate, Raymond Wendell. 9 MS. WILLIAMS: Good afternoon, your Honor, 10 11 Gwyn Williams for the defendant, American Airlines, and 12 with me is my colleague, Nicholas Lessin. THE COURT: Good afternoon. 13 14 Well, this is a duly-called "fairness hearing" so 15 let me ask, as we are in open court at the time and place decided, is there anyone here who wishes to raise 16 17 any objection to the proposed settlement? (Silence.) 18 19 THE COURT: I hear no such objection. 20 I have -- and I believe the answers will be clear, I've read these materials, but I want to hear it from 21 22 you. 23 Turning to the plaintiffs. You've reviewed the 24 releases that, um, are part of this settlement, which 25 will be imposed upon the class -- and nothing wrong with

that, that's just part of the class system, but as you're officers of the court, are you satisfied that these releases release the defendant, American Airlines, from the matters resolved in this lawsuit, but don't slide over into some general release for all activities, do you represent that to the Court?

MR. WENDELL: Um, yes, your Honor. The release only applies to individuals who were directed the class notice and to our class members, according to the class definition, in settlement, or to anyone who filed a claim despite not being directed notice, but also had a valid verified claim. So it's a -- a very narrow release.

THE COURT: Thank you.

And my second question will not come as a surprise. If I've read this correctly, the claims administrator is or is in the process of actually disbursing over \$6 million to the class members, is that right?

MR. WENDELL: The class administrator has not yet begun -- or the settlement administrator rather has not yet begun disseminating the actual refunds, that won't happen until after this, I think it's 60 days after the final approval order and the settlement.

THE COURT: But assuming I approve it, how

1 much is going to be disbursed? MR. WENDELL: Okay. So the most up-to-date 2 3 number that we have is \$6,809,178. I think that's subject to a few little tweaks that are still being 4 5 worked out in the code. And also the fact that individuals, after they receive their determination, do 6 have the right to dispute that determination. Some have 8 not yet received that determination due to continuing meeting and conferring between the parties. 9 10 THE COURT: And that money will go to the people who are now ascertained who have made claims? 11 12 MR. WENDELL: Correct. 13 THE COURT: All right. Now on top of that you 14 seek the \$1.9 million that you're requesting in 15 attorneys fees? 16 MR. WENDELL: Um, so I think we are seeking, 17 um, \$2.75 million in attorneys fees and costs. The \$1.9 million is the amount expected to be paid to the 18 19 settlement administrator. 20 THE COURT: Wait a minute, I'm not clear here. 21 I, um -- break this down, please. 22 The settlement administrator is, um, paid for 23 being -- for discharging his duties as settlement 24 administrator, so he gets \$1.9 million?

MR. WENDELL: Yes.

25

THE COURT: All right, and more than that, but 1 2 in that vicinity. 3 And how much are you looking for for attorneys fees? 4 5 MR. WENDELL: It's \$2.75 million in attorneys 6 fees and costs. 7 THE COURT: Attorneys fees and costs. 8 Well --9 (Pause.) MS. WILLIAMS: To be clear, your Honor, if I 10 The costs, um, that they're referring to are not 11 12 the settlement administration costs. So there's three buckets of money here, there's the money that would go 13 14 directly to the claimants and that's the --15 THE COURT: And that's the 6.8 --16 MS. WILLIAMS: -- the 6.8 and change, call it. 17 THE COURT: All right. MS. WILLIAMS: Um, there's the amount of money 18 19 that American Airlines has been paying and will continue 20 to pay to Angeion, the claims administrator. So as they 21 do their work, they've been invoicing us for their work. 22 The estimate is that by the time all their work is done, 23 that it will add up to about 1.9. So American Airlines 24 has been paying Angeion, the claims administrator, that 25 amount of money. And then there are the attorneys fees

and costs that class counsel seek, which is a total of \$2.75 million, but the costs that we're talking about there are their -- are the law firm costs, you know, deposition transcripts and the like, and I think it's roughly \$50,000 or so worth of costs.

THE COURT: Thank you.

MS. DARDARIAN: And, your Honor, if I may?

This is Linda Dardarian.

I'm prepared to address the Court's questions regarding attorneys fees and the incentive award to plaintiff Bazerman should there be concerns about that, and Mr. Wendell is prepared to address the final approval of the settlement.

THE COURT: Well, as I make it out here, um, how much -- refresh me as to how much Mr. Bazerman gets?

MS. DARDARIAN: On his behalf we have applied for an incentive award of \$2,500.

THE COURT: All right.

Here's my -- and, Ms. Dardarian, I'll hear you. Your fees are over a third of what the class itself gets. I'm not accustomed to approving fees that high. I don't question the good work that was done here, but if it's \$6.8 million, it will come to about \$2,250,000, not \$750,000.

MS. DARDARIAN: Um --

THE COURT: I'll hear you.

MS. DARDARIAN: Thank you, your Honor. And I

appreciate your kind words about the quality of

representation.

THE COURT: And they're sincerely meant, it's not some sort of pro forma. I've read all this, but

I -- I cannot recall approving a settlement -- approving attorneys fees of more than 33 percent. I'm happy to be disabused of that if my memory is wrong.

MS. DARDARIAN: Your Honor, I have not come across a decision that was yours where you have approved a --

THE COURT: Well why should I do it here?

MS. DARDARIAN: Because here, um -- well actually I take that back.

The settlement agreement in this case allows class counsel to apply for an attorneys fees award under the common fund approach.

THE COURT: I appreciate that.

MS. DARDARIAN: And typically a common fund includes all of the settlement benefits that are being provided to the class and attorneys fees are paid from the settlement fund as a whole, and typically a settlement fund includes four elements, and those are payment of claims or refunds to the class, the costs of

notice and claims administration, plaintiffs' attorneys fees and costs, and the incentive award to the class representatives.

THE COURT: And if I add all those you're within a third, I understand that.

MS. DARDARIAN: Yes, your Honor, we're actually below a third.

THE COURT: I understand that. But here, um, you're getting -- as compared to the actual members of the class, you're getting well more than a third.

MS. DARDARIAN: So, your Honor, our position is that, um, the fee should not be limited to a percentage of the amount that is being paid out in refunds because truly a settlement fund includes other pots of money, including administration costs and attorneys fees and the incentive award. And so because the settlement agreement allows us to apply for fees on the basis of the common fund approach, essentially what we're doing is we are pooling these four different pieces of money that -- or buckets of money that American Airlines is paying on behalf of the class, we're pooling them together to create a settlement fund from which we are asking a percentage of the fund to be paid to us in attorneys fees.

THE COURT: All right, I understand the

calculus.

MS. DARDARIAN: And the reason why the claims administration is included in the calculus is because claims administration provides a benefit to the class in that it lets the class members know that they have the right to seek refunds and it ensures that the refunds are accurately calculated and actually delivered to the class members, and that is a value that would otherwise come out of their pockets. But it isn't here because American has agreed to pay that separately.

Additionally, attorney fees are a benefit to the class because without a payment of attorneys fees the class would get a windfall.

THE COURT: Of course, of course it's a benefit to the class, it just seems to me that a third of the overall recovery to the class, what's going into their pockets is, um, sufficient.

Let me ask American. There's no objection on American were I to award this?

MR. LESSIN: Award one-third of the benefit?

THE COURT: No, award \$2,750,000.

MR. LESSIN: Oh, we do -- we do object, your

Honor.

THE COURT: I thought so. What if I were to award \$2,250,000?

MR. LESSIN: Yeah, I think case law suggests between 20 percent and 30 percent.

THE COURT: So you object to that? Well that would be 33 percent.

MR. LESSIN: No, your Honor, we wouldn't object to a third of the actual benefit --

THE COURT: I'm sure you wouldn't.

All right. You know the matter is a serious matter and this is not an inconsequential amount of money here that's in dispute.

(Pause.)

THE COURT: Let me say this in an effort to move this along.

I mean what I say, Ms. Dardarian, that I think plaintiffs' counsel has acted in an exemplary fashion here and in a most complex area has obtained for the class a fair and a just settlement. And not simply to be evenhanded, but because I believe it, I think that counsel for American Airlines equally has represented their client in a both thoughtful and sensitive way, without surrendering in any way their client's rights in the circumstances, and this is a hard bargain and just settlement for the class.

Now having said that, I will tell you I'm prepared today to approve the settlement, to approve \$2,250,000

attorneys fees -- and by approving the settlement, approve the award, approve the amount of the settlement, and indeed I'm prepared to allow further briefing and argument on what you claim is the remaining 500,000.

It's not a matter for settlement, it's a matter for the Court to determine.

So my suggestion is, I'll go right to 33 percent

So my suggestion is, I'll go right to 33 percent of the funds of the class today, I'll give you each 30 days to file further briefs addressed to the issue, if anything further is to be said, and then I'll decide it on the papers.

How does that suit, Ms. Dardarian?

MS. DARDARIAN: That suits me very well, your Honor.

THE COURT: And American?

MS. WILLIAMS: I'm preempting my colleague who was going to argue, but just as to this -- that question of briefing, um, I think the parties actually already briefed this at some length in the motion for attorneys fees --

THE COURT: Oh, I agree.

MS. WILLIAMS: So I just wanted to -- if you have any guidance, your Honor, about anything in particular that you were hoping to hear more on, it may be helpful to the parties, so you don't get duplicative

1 arguments. 2 THE COURT: That's very helpful. It's not 3 that I'm hesitant to rule --MS. WILLIAMS: I didn't think so, your Honor. 4 5 THE COURT: -- you have thoroughly briefed it, 6 and I'm not asking for the expenditure of more money or 7 more time, but \$500,000 in dispute is a significant 8 piece of money, so I'm going to wait another 30 days. If someone wants to submit something further, that's 9 10 fine, but I do not require it, and I certainly do not 11 expect that arguments already made will be made again. 12 It just seems the fairest outcome to give plaintiffs, 13 who have done a good job, a chance here. prepared just to knock their request down by half a 14 15 million dollars on the preparation that I've made for 16 this hearing. That's the most honest way I can say it. I may do exactly that, but I'm going to reflect on it, 17 18 sensitive because you have objected and I'm sensitive to 19 that. 20

So that's the order of the Court, the settlement is approved in every respect and at least \$2,250,000 is awarded to the plaintiffs as attorneys fees. The possibility of a further award will abide a further order, which will be entered no sooner than 30 days from today's date. And I'll sign the document because we

UNITED STATES DISTRICT COURT NORTHERN DISTRICT OF CALIFORNIA

ARTIE LASHBROOK,

Plaintiffs,

v.

CITY OF SAN JOSE,

Defendant.

Case No. 20-cv-01236-NC

ORDER GRANTING FINAL PROVAL OF CLASS JUDGMENT

Re: Dkt. Nos. 20, 21, 22

The Parties have applied to the Court for an order finally approving the settlement of this action in accord with the Proposed Consent Decree ("Decree"), which sets forth the terms and conditions of a proposed settlement and dismissal of the action with prejudice, with the Court retaining jurisdiction to enforce the Decree throughout its term. Plaintiff Artie Lashbrook also moves for an award of attorneys' fees and a service award pursuant to the parties' Decree. Having read the papers submitted and carefully considered the arguments and relevant legal authority, and good cause appearing, the Court GRANTS the Parties' Joint Motion for Final Approval of Class Action Settlement, Lashbrook's Motion for Service Award and Motion for Attorneys' Fees.

NOW, THEREFORE, IT IS HEREBY ORDERED:

On September 2, 2020, the Court conducted a final hearing to approve the 1. Decree.

- 2. The Court finds that the parties provided notice to the Class in substantially the manner and form preliminarily approved by the Court. See Dkt. No. 14. The Settlement Notice, as ordered and implemented, was reasonably calculated under the circumstances to apprise the Settlement Class Members of the pendency of this action, all material elements of the proposed Settlement, and their opportunity (a) to submit written objections to the Settlement, and (b) to appear at the Fairness Hearing to object to or comment on the Settlement. The Settlement Notice was reasonable and the best notice practicable to all Settlement Class Members and complied with the Federal Rules of Civil Procedure, due process, and all other applicable laws and rules. A full and fair opportunity has been afforded to the members of the Settlement Class to participate during the Fairness Hearing, and all other persons wishing to be heard have been heard.
- 3. On May 27, 2020, this Court granted the Parties' Joint Motion for Class Certification, preliminarily certifying a class for declaratory and injunctive relief. See Dkt. Nos. 10, 14. The Court found, for purposes of settlement only, that the requirements of Rule 23 of the Federal Rules of Civil Procedure are met by the Settlement Class: (a) joinder of all Settlement Class Members in a single proceeding would be impracticable, if not impossible, because of their numbers and dispersion; (b) there are questions of law and fact common to the Settlement Class; (c) Lashbrook's claims are typical of the claims of the Settlement Class that he seeks to represent for purposes of settlement; (d) Lashbrook has fairly and adequately represented the interests of the Settlement Class and will continue to do so; (e) Lashbrook and the Settlement Class are represented by qualified, reputable counsel who are experienced in preparing and prosecuting class actions, including those involving the allegations made in the Complaint; and (f) the City acted or refused to act on grounds that apply generally to the Settlement Class, so that final declaratory and injunctive relief is appropriate to the Settlement Class. Accordingly, the Court preliminarily certified the following Settlement Class pursuant to Federal Rule of Civil Procedure 23(a) and (b)(2):

All persons (including residents of and/or visitors to the City of San Jose)

with any Mobility Disability, who, at any time prior to the Court granting final approval of the Consent Decree, have been denied full and equal access to the City's pedestrian right of way due to the lack of a curb ramp or a curb ramp that was damaged, in need of repair, or otherwise in a condition not suitable or sufficient for use.

Pursuant to Federal Rule Civil Procedure 23(c)(1)(B), the Court also appointed Lashbrook and his counsel as representatives of the Settlement Class.

- 4. For the reasons stated above, the Court finds that class certification is therefore an appropriate method for protecting the interests of the Settlement Class and resolving the common issues of fact and law arising out of the Lashbrook's claims while also eliminating the risk of duplicative litigation. Accordingly, the Court hereby makes final its earlier provisional certification of the Settlement Class and further confirms the appointment of the Class Representative and Class Counsel to represent the Settlement Class, as set forth above.
- 5. The Court grants final approval of the Settlement set forth in the Consent Decree and finds, after considering all of the factors set forth in Federal Rule of Civil Procedure 23(e)(2), that it is fair, reasonable, adequate, and in the best interests of the Settlement Class as a whole. The Settlement, which was negotiated at arm's length, offers Settlement Class members comprehensive injunctive relief regarding all of the claims in Lashbrook's Complaint, and treats Settlement Class members equitably relative to each other. The Court grants final approval of the release of the City from the Released Claims as set forth in the Consent Decree.
- 6. To summarize, the Decree requires the City of San Jose to remediate all missing and non-compliant curb ramps by 2038. It requires the City to allocate a minimum amount of money per year towards its construction and remediation obligations, while reaching certain milestones in ramp construction and remediation. In the event the City is unable to appropriate the required annual monetary commitment, the Decree requires the City to make up the shortfall in subsequent years, preempt the shortfall in

previous years, or maintain an agreed-upon average rate of ramp construction and remediation. The City is also required to maintain a Curb Ramp Request Program and comply with reporting and monitoring requirements. In exchange, Lashbrook and members of the Class agree to release all injunctive, declaratory, or non-monetary claims related to the City's alleged actions or omissions relating to the remediation or construction of curb ramps. However, unnamed members of the Class do not release claims for monetary damages, personal injuries, or property damages. Lashbrook releases all of his monetary claims related to his personal encounters with non-compliant curb ramps in exchange for a damages payment of \$50,000.

- 7. The Court finds that the Decree is fair, adequate and reasonable to all potential Class Members. The Parties have conducted an extensive evaluation of the merits such that Counsel for both Parties are able to reasonably evaluate their respective positions. Settlement will also avoid substantial additional costs to all Parties, as well as avoid the delay and the risks presented by further prosecution of issues either in the current or separate litigation proceedings which are addressed by the Decree. The results achieved by the Decree are also in line with approved consent decrees in similar cases. *See*, *e.g.*, Dkt. No. 10-1 ("Dardarian Decl."), Ex. 8 (order granting preliminary approval of consent decree in *Hines v. City of Portland*, Case No. 3:18-cv-00869-HZ (D. Or. June 4, 2019)).
- 8. The Court also finds that the Decree has been reached as the result of good faith, prolonged, serious, and non-collusive arms-length negotiations. The Parties reached the Decree after six years of out-of-court negotiations. At the preliminary approval hearing, the parties represented that they contested the merits of the class claims and engaged in extensive discovery and information sharing over the six-year period before reaching the Decree.
- 9. The Court further finds that the City's Annual Commitment, which requires the installation or remediation of 27,621 Non-Compliant Curb Ramps by the end of 2038, as set forth in the Consent Decree is proper and reasonably calculated based on the available information to ensure and maintain accessibility of the pedestrian right of way

located in the City of San Jose to persons with Mobility Disabilities. Accordingly, the Settlement shall be consummated in accordance with the terms and conditions of the Consent Decree

- 10. No Class Member has objected to the Settlement. The absence of any objections further supports the Settlement's final approval.
- 11. Lashbrook and all Settlement Class Members (and their respective heirs, assigns, successors, executors, administrators, agents and representatives) are conclusively deemed to have released and forever discharged the City from all Released Claims as set forth in the Consent Decree. Specifically, Lashbrook and members of the Class agree to release all injunctive, declaratory, or non-monetary claims related to the City's alleged actions or omissions relating to the remediation or construction of curb ramps. Unnamed members of the Class do not release claims for monetary damages, personal injuries, or property damages. See Dkt. No. 22-1, Ex. 1 §§ 18, 19. Lashbrook and all Settlement Class Members are bound by this Judgment.
- 12. The benefits described in the Consent Decree are the only consideration, fees, costs and expenses that the City shall be obligated to give to any party or entity, including without limitation the Class Representative, Settlement Class Members, and Class Counsel in connection with the claims released in the Consent Decree and/or the payment of attorneys' fees, costs, and expenses in this action.
- 13. The Consent Decree and this Judgment are not admissions of liability or fault by the City, or a finding of the validity of any claims in this action or of any wrongdoing or violation of law by the City. The Consent Decree is not a concession by the Parties and, to the fullest extent permitted by law, neither this Judgment, nor any of its terms or provisions, nor any of the negotiations connected with it, shall be offered as evidence or received in evidence in any pending or future civil, criminal, or administrative action or proceeding to establish any liability of, or admission by the City.
- 14. Notwithstanding the foregoing, nothing in this Judgment shall be interpreted to prohibit the use of this Judgment to consummate or enforce the Consent Decree or

Judgment, or to defend against the assertion of Released Claims in any other proceeding, or as otherwise required by law.

- 15. The Court approves Lashbrook's requested service award of \$5,000. The Court finds that the requested award of \$5,000 is reasonable and appropriate compensation for the work and risk undertaken by spearheading this litigation as the class representative. See, e.g., In re Mego Fin. Corp. Sec. Litig., 213 F.3d 454, 463 (9th Cir. 2000) (approving \$5,000 to two plaintiff representatives of 5,400 potential class members in \$1.75 million settlement); Hopson v. Hanesbrands, Inc., No. 08-cv-0844-EDL, 2009 WL 928133, at *10 (N.D. Cal. Apr. 3,2009) (approving \$5,000 award to one member of 217-member class from \$408,420 settlement amount).
- 16. The Court also approves Lashbrook's requested attorneys' fees and costs. As the prevailing party in this disability rights class action, Lashbrook is entitled to recover his reasonable attorneys' fees, costs and expenses. See 42 U.S.C. § 12205 (ADA prevailing party is entitled to "a reasonable attorney's fee, including litigation expenses, and costs"); 29 U.S.C. § 794a(b) (Section 504 prevailing party is entitled to "a reasonable attorney's fee as part of the costs").
- 17. The Court finds that the hourly rates claimed by Class Counsel are reasonable and within the market range of hourly rates charged by attorneys of comparable experience, reputation and ability for similar litigation. See Chalmers v. City of Los Angeles, 796 F.2d 1205, 1210-11 (9th Cir. 1986). Specifically, Class Counsel request the following rates:

| Name | Position | Rates |
|--------------------|-----------------------|-------|
| Linda M. Dardarian | Partner | \$945 |
| Amy Robertson | Co-Executive Director | \$895 |
| Tim Fox | Co-Executive Director | \$895 |
| Andrew P. Lee | Partner | \$750 |
| Sarah Morris | Staff Attorney | \$520 |
| Beth Holtzman | Associate | \$415 |

| Marissa McGarry | Paralegal | \$265 |
| Arielle Milkman | Paralegal | \$265 |
| Ana Diaz | Paralegal | \$265 |
| Sophie Breene | Paralegal | \$265 |

- 18. Reviewing Class Counsel's declarations, the Court also finds that the 1,266.80 hours expended by Class Counsel in investigating the case and negotiating, settling, and obtaining court approval of the Consent Decree are reasonable.
- 19. Lashbrook's costs and out-of-pocket expenses are recoverable. See 42 U.S.C. § 12205; Lovell v. Chandler, 303 F.3d 1039, 1058 (9th Cir. 2002). Through July 7, 2020, Class Counsel incurred \$2,925.59 in documented litigation costs and expenses. The declarations of Class Counsel and accompanying exhibits and the record in this case demonstrate that these costs and expenses were reasonable and necessary for the pursuit and resolution of this case.
- 20. Accordingly, the Court approves a total of \$725,253.09 in attorneys' fees, costs, and litigation expenses.
- 21. In accordance with the terms of the Consent Decree, the Court reserves exclusive and continuing jurisdiction over Lashbrook, the Settlement Class Members, the City, and the Consent Decree throughout the term of the Consent Decree, for the sole purpose of supervising the implementation, enforcement, construction, and interpretation of the Consent Decree and this Judgment. In that regard, any challenges to the Consent Decree's terms or implementation, whether under state or federal law, shall be subject to the exclusive and continuing jurisdiction of this Court. All parties have consented to the jurisdiction of a magistrate judge. See Dkt. Nos. 7, 9.
- 22. The Clerk is directed to enter this Judgment and terminate Case No. 20-cv-01236-NC.

ORDER GRANTING MOTION FOR FINAL APPROVAL OF CLASS ACTION SETTLEMENT; GRANTING **MOTION FOR SERVICE AWARDS:** AND GRANTING MOTION FOR ATTORNEY'S FEES, COSTS, AND **EXPENSES**

Re: Dkt. No. 394, 395, 396, 408

Before the Court are Plaintiffs' (1) motion for final approval of a class action settlement, ECF No. 395; (2) motion for service awards, ECF No. 394; and (3) motion for reasonable attorney's fees, costs, and expenses, ECF No. 408. Having considered the parties' briefs, the relevant law, and the record in this case, the Court GRANTS Plaintiffs' motion for final approval, Plaintiffs' motion for service awards, and Plaintiffs' motion for attorney's fees, as set forth below. The Court considers each motion in turn.

¹ Plaintiffs originally filed the motion for attorney's fees on May 25, 2020, ECF No. 396, but Plaintiffs refiled their motion on June 25, 2020 to correct a number of errata, ECF No. 408.

I. MOTION FOR FINAL APPROVAL OF CLASS ACTION SETTLEMENT

Plaintiffs have moved the Court for an order granting final approval of the class action Settlement Agreement and Release of Claims ("Settlement Agreement"), ECF No. 395, which was filed with the Court at ECF Nos. 375-2; 391. The Court preliminarily approved the Settlement Agreement in this action by order entered on March 9, 2020. See ECF No. 392 ("Preliminary Approval Order"). On July 16, 2020 the Court held a Final Approval hearing to consider final approval of the Settlement Agreement and to determine, among other things, whether the settlement is fair, reasonable, and adequate. Having considered the motions, the oral arguments, the relevant law, and the record in this case, the Court GRANTS the Plaintiffs' motion for final approval of the class action settlement as follows:

- 1. All terms used herein, unless otherwise defined, shall have the same meanings as set forth in the Settlement Agreement.
- 2. The Court finds that the Parties complied with the Notice procedures set forth in the Court's Preliminary Approval Order and Settlement Agreement by disseminating the Courtapproved long-form Notice (ECF No. 390-3) and Claim Form (ECF No. 390-3) to Class Members by mail and email; providing the long-form Notice to the agreed-upon membership and/or service organizations for individuals with mobility disabilities; posting the Court-approved short-form Notice (ECF No. 390-1) at conspicuous locations throughout Levi's Stadium and on websites controlled by Defendants; and creating and maintaining a Settlement website, email address, and toll-free telephone number. The Court further finds that these methods:
- constituted the best practicable notice to members of the Plaintiff Classes a. under the circumstances of the Action;
- constituted reasonable, due, adequate and sufficient notice to all Persons entitled to receive notice; and
- constituted notice that met all applicable requirements of the Federal Rules c. of Civil Procedure, 28 U.S.C. § 1715, the Due Process Clause of the United States Constitution,

and any other applicable law, as well as this District's Procedural Guidance for Class Action Settlements.

- 3. The Court finds that the Claim Form distributed to the Damages Class met all applicable requirements of the Federal Rules of Civil Procedure, 28 U.S.C. § 1715, the Due Process Clause of the United States Constitution, and any other applicable law. The Court further finds that the Claims Process set forth in the Settlement Agreement provides Damages Class Members with a full and fair opportunity to submit claims for damages, an effective method of distributing monetary relief to the Damages Class, and provides for an equitable plan of allocation of money damages between Damages Class Members. See Rule 23(e)(2)(A)(ii), (D).
- 4. On March 9, 2020, the Court preliminarily certified the following classes for settlement purposes under Fed. R. Civ. P. 23(a) and (b)(3):

Injunctive Relief Class: All persons with mobility disabilities who use wheelchairs, scooters, or other mobility aids who will attempt to purchase accessible seating for a public event at Levi's Stadium and who will be denied equal access to the Stadium's facilities, services, accessible seating, parking, amenities, and privileges, including ticketing, from December 7, 2013 through the date of the Court's Order Granting Preliminary Approval of Class Action Settlement.

Companion Injunctive Relief Class: All persons who are companions of persons with mobility disabilities who use wheelchairs, scooters or other mobility aids and who have used or will use companion seating for public events located at Levi's Stadium from December 7, 2013 through the date of the Court's Order Granting Preliminary Approval of Class Action Settlement.

Damages Class: All persons with mobility disabilities who use wheelchairs, scooters or other mobility aids who have purchased, attempted to purchase, or for whom third parties purchased accessible seating and who have been denied equal access to Levi's Stadium's facilities, services, accessible seating, parking, amenities, and privileges at an event controlled by the Forty Niners Football Company, LLC; Forty Niners SC Stadium Company, LLC; or Forty Niners Stadium Management Company, LLC, from April 13, 2015 through the date of the Court's Order Granting Preliminary Approval of Class Action Settlement.

See ECF No. 392.

The Court finds that the Plaintiff Classes continue to meet the requirements for 5.

class certification under Federal Rule of Civil Procedure 23 and all other applicable laws and rules.

- 6. The Injunctive Relief Class and Companion Injunctive Relief Class are finally certified under Fed. R. Civ. P. 23(b)(2). The Court concludes that: (a) joinder of all Class Members in a single proceeding would be impracticable, if not impossible, because of their numbers and dispersion; (b) there are questions of law and fact common to the Plaintiff Classes; (c) Plaintiffs' claims are typical of the claims of the Plaintiff Classes that they seek to represent for purposes of settlement; (d) Plaintiffs have fairly and adequately represented the interests of the Classes and will continue to do so; (e) Plaintiffs and the Plaintiff Classes are represented by qualified, reputable counsel who are experienced in preparing and prosecuting class actions, including those involving the sort of practices alleged in the Complaint; and (f) Defendants acted or refused to act on grounds that apply to the Injunctive Relief Class and Companion Injunctive Relief Class as a whole.
- 7. The Damages Class is finally certified under Fed. R. Civ. P. 23(b)(3). The Court concludes that: (a) joinder of all Damages Class Members in a single proceeding would be impracticable, if not impossible, because of their numbers and dispersion; (b) there are questions of law and fact common to the Damages Class; (c) Plaintiff Abdul Nevarez's claims are typical of the claims of the Damages Class that he seeks to represent for purposes of settlement; (d) Plaintiff Abdul Nevarez has fairly and adequately represented the interests of the Damages Class and will continue to do so; (e) Plaintiff Abdul Nevarez and the Damages Class are represented by qualified, reputable counsel who are experienced in preparing and prosecuting class actions, including those involving the sort of practices alleged in the Complaint; (f) questions of law or fact common to the Damages Class predominate over any questions affecting only individual members; and (g) a class action is superior to other available methods for fairly and efficiently adjudicating the controversy.
- 8. Class certification is therefore an appropriate method for protecting the interests of the Plaintiff Classes and resolving the common issues of fact and law arising out of the Plaintiffs'

- 9. The Court grants final approval of the Settlement and finds that it is fair, reasonable, adequate, and in the best interests of the Plaintiff Classes as a whole. First, the Settlement offers Class Members significant injunctive relief regarding all of the claims in the Fourth Amended Complaint, including Defendants' failure to provide physical access and Defendants' failure to make reasonable modifications in policy and practice to ensure equal access to the Stadium's facilities and services. Second, the non-reversionary damages fund offers substantial monetary relief to Damages Class Members. Third, as set forth below, the Court finds that Plaintiffs' requested attorneys' fees, costs, and expenses, and Class Representative service awards are reasonable and supported by applicable law, as modified by the Court. Finally, the absence of any objections or exclusions further supports final approval of the Settlement. In sum, when considered against the potential risks, expense, complexity and duration of further litigation, and the importance of the accessibility of the Stadium and its related facilities to the Class Members, the Court finds the relief secured by the Settlement to be more than adequate. See Fed. R. Civ. P. 23(e)(2)(C).
- 10. The Parties and Settlement Administrator are hereby directed to implement and consummate the Settlement according to its terms and provisions and the Court's Preliminary Approval Order. Class Counsel and Defendants shall take all steps necessary and appropriate to provide the Plaintiff Class Members with the benefits to which they are entitled under the terms of the Settlement.

II. MOTION FOR SERVICE AWARDS

In addition, Plaintiffs filed a motion for service awards, ECF No. 394. The motion

requests \$5,000 in service awards for each of three class representatives: Abdul Nevarez, Priscilla Nevarez, and Sebastian DeFrancesco. *Id.* at 1. The motion is unopposed, and no Class members have filed objections to the Settlement Agreement.

In order to evaluate the reasonableness of the size of a service award, the Ninth Circuit looks to "the number of named plaintiffs receiving incentive payments, the proportion of the payments relative to the settlement amount, and the size of each payment." In re Online DVD-Rental Antitrust Litig., 779 F.3d 934, 947 (9th Cir. 2015) (internal quotation marks omitted). Here, the three class representatives, Abdul Nevarez, Priscilla Nevarez, and Sebastian DeFrancesco, seek Service Awards of \$5,000 each. ECF No. 394. The contemplated Service Awards total to \$15,000 out of the \$24,000,000 Plaintiffs' settlement, which is less than .1% of the \$24 million Damages Fund. The number of service awards requested and the respective amounts fall well below the levels that the Ninth Circuit has scrutinized in the past. *Id.* at 948 (finding service awards to be reasonable in part because there were "nine class representatives" and because "the \$45,000 in incentive awards ma[de] up a mere .17% of the total settlement"). Moreover, the requested amount of \$5,000 is considered "presumptively reasonable" in this district. See Villegas v. J.P. Morgan Chase & Co., No. CV 09-00261 SBA EMC, 2012 WL 5878390, at *7 (N.D. Cal. Nov. 21, 2012).

Thus, having considered the motion, Plaintiffs' declarations and exhibits thereto, the arguments of counsel, and all files, records, and proceedings in this action, the Court finds that good cause exists to approve the motion. All three Plaintiffs have diligently fulfilled their duties as Class Representatives. All have expended significant effort and made personal sacrifices in order to obtain an excellent result for the Classes they represent. The class representatives participated in numerous aspects of the litigation, including responding to written discovery, drafting declarations, preparing and sitting for depositions, advising counsel on factual investigation and settlement, and class outreach. ECF No. 394 at 7-8. Over the course of over three years, "Mr. Nevarez estimates that he has spent at least 72 hours working on this case; Ms.

Accordingly, Plaintiffs' motion is GRANTED. The Court hereby approves: a service award to Plaintiff Abdul Nevarez in the amount of \$5,000; a service award to Plaintiff Priscilla Nevarez in the amount of \$5,000; and a service award to Plaintiff Sebastian DeFrancesco in the amount of \$5,000.

III. MOTION FOR ATTORNEY'S FEES, COSTS, AND EXPENSES

Finally, Plaintiffs also filed a motion for reasonable attorney's fees, costs, and expenses. ECF No. 408. Specifically, Plaintiffs move for \$1,199,148.87 in out-of-pocket litigation costs and expenses, and \$12,258,003.53 in attorney's fees, which together amounts to the \$13,457,152.40 cap on attorney's fees, costs, and expenses set forth in Section XIV.A of the Settlement Agreement. The motion is unopposed, and no Class members have filed objections to the Settlement Agreement. Below, the Court first considers the costs and expenses, before considering the reasonableness of Plaintiffs' request for attorney's fees.

As the prevailing parties, Plaintiffs are entitled to recover their reasonable attorneys' fees, costs and expenses. See 42 U.S.C. § 12205 (ADA) and Cal. Civ. Code § 52(a) (Unruh Civil Rights Act). A party that obtains a judicially enforceable settlement agreement that provides some of the relief sought is a "prevailing party" for purposes of fee-shifting statutes. See, e.g., La Asociacion de Trabajadores de Lake Forest v. City of Lake Forest, 624 F.3d 1083, 1089 (9th Cir. 2010); Folsom v. Butte County Assn. of Govts., 32 Cal.3d 668, 671 (1982). Here, Plaintiffs have prevailed under both federal and state law by achieving a global settlement that resolves all federal and state law claims. The Settlement provides comprehensive injunctive relief to both injunctive relief classes under both federal and state law and establishes a damages fund for the damages class under California law. The factual and legal issues that were litigated would reasonably be attributed to both federal and state law claims. Accordingly, both federal and state law apply to Plaintiffs' application for fees, costs and litigation expenses.

| A | α | 1 | | |
|----------|----------|-----|-----|-------|

Plaintiffs' costs and out-of-pocket expenses, including expert witness fees, are recoverable. *See* 42 U.S.C. § 12205; *Lovell v. Chandler*, 303 F.3d 1039, 1058 (9th Cir. 2002). Through May 15, 2020, Class Counsel incurred \$1,199,148.87 in litigation costs and expenses. Plaintiffs' costs and out-of-pocket expenses are well-documented. The Court finds that the declarations of Class Counsel and accompanying exhibits and the record in this case demonstrate that these costs and expenses were reasonable and necessary for the prosecution of this litigation. Accordingly, the Court GRANTS Class Counsel \$1,199,148.87 in costs and out-of-pocket expenses.

B. Attorney's Fees

As discussed above, Section XIV.A of the Settlement Agreement caps Plaintiffs' request for attorney's fees, costs, and expenses at \$13,457,152.40. Because Plaintiffs seek \$1,199,148.87 in costs and expenses, which the Court awarded in full, Plaintiffs request the remaining \$12,258,003.53 of the cap in attorney's fees. Although the Court grants Plaintiffs the full \$12,258,003.53 amount in attorney's fees below, the Court's calculation of attorney's fees differs from that of Plaintiffs. The Court first discusses Plaintiffs' lodestar calculation before turning to the requested lodestar multiplier.

1. Lodestar Calculation

Plaintiffs state that their lodestar in the instant case is \$11,605,473. ECF No. 408 at 13. The Court finds that the lodestar is reasonable and fair, with the exception of the hourly rate billed for contract attorneys, which the Court discusses below.

Specifically, Plaintiffs argue that their lodestar in the instant case was initially \$12,994,251, which was then reduced by approximately 10.69% through the exercise of billing judgment² to arrive at the lodestar of \$11,605,473. *See* ECF No. 408 at 20. The Court has reviewed the hours spent by Plaintiffs in litigating this case over the course of three-and-a-half years and finds that the hours

² Specifically, Plaintiffs explain that they "removed from their lodestar all time spent by attorneys and staff who billed less than 30 hours on the case . . . [and] exercised additional billing judgment as set forth in the declarations of counsel." ECF No. 408 at 20.

expended are reasonable. This case involved over three years of contentious and extensive litigation, including the following:

- Three motions to dismiss filed by Defendants, which this Court largely denied;
- Eighteen joint discovery letters—for many of which the Court granted Plaintiffs full relief;
- Thirteen sets of document requests and interrogatories, fifteen sets of requests for admission, and propounding six sets of subpoenas for documents;
- Production of 3,400,000 pages of documents by Defendants and third parties;
- Fourteen days of inspections of the Stadium, parking lots, and connecting pedestrian rights of way, from which Plaintiffs identified over 2,600 physical barriers to access at the Stadium;
- 48 depositions, including depositions of 16 experts;
- Two sets of cross-motions for partial summary judgment;
- Eight formal mediations; and
- Many informal settlement discussions, several in-person with all counsel.

Thus, Plaintiffs' hours are amply justified in light of the extensive litigation that has occurred to date over the course of three and a half years.

Moreover, the Court has reviewed the billing rates for the attorneys, paralegals, and litigation support staff at each of the firms representing Plaintiffs and the Certified Classes in this case. The Court finds that these rates are reasonable in light of prevailing market rates in this district and that counsel for Plaintiffs have submitted adequate documentation justifying those rates, with the exception of the hourly rates billed by Schneider Wallace Cottrell Konecky LLP ("Schneider Wallace") for the use of staff attorneys.

However, as to the staff attorneys, the Court notes that Schneider Wallace requests a rate of \$625 per hour for each of three staff attorneys. See ECF No. 408-1 ("Wallace Decl.") ¶ 117. However, at the July 16, 2020 Final Approval hearing, Mr. Wallace acknowledged that these attorneys are paid at an hourly rate substantially less than \$625 per hour, which constitutes a markup

| of \$595 per staff attorney per hour. Schneider Wallace requests \$625 per hour for each of these three |
|--|
| staff attorneys for a total of 1,811.9 hours of work, which the Court estimates to constitute a markup |
| of \$1,078,080.50 or about 15% of Schneider Wallace's lodestar. See id. Although the Court has |
| historically declined to apply a "categorical rule that contract and staff attorneys must be billed at |
| cost," the Court has previously rejected such a high markup on a contract attorney's hourly rate and |
| instead awarded an hourly rate of \$240.00. In re Anthem, Inc. Data Breach Litig., No. 15-MD- |
| 02617-LHK, 2018 WL 3960068, at *18-20 (N.D. Cal. Aug. 17, 2018). As in the Court's decision in |
| In re Anthem, Inc. Data Breach Litigation, the Court will adopt the \$240.00 hourly rate for Schneider |
| Wallace's staff attorneys based on precedent and in the absence of any argument to justify a different |
| markup on the staff attorney rate. See id. at *20 ("In future cases, the Court is willing to receive |
| documentation justifying a lower or higher rate, but for purposes of the rough lodestar calculation |
| here, the Court finds that \$240.00 per hour for contract and staff attorney time is a reasonable rate."). |
| At the July 16, 2020 Final Approval hearing, Mr. Wallace stated that he did not oppose the Court's |
| adoption of the \$240 hourly rate for these three staff attorneys. After adjusting Schneider Wallace's |
| staff attorney rate to \$240.00 per hour, the Court finds that the total lodestar of \$11,605,473 is |
| reduced to \$10,907,891.50. |

2. Lodestar Multiplier

Next, Plaintiffs argue that they are entitled to a positive lodestar multiplier of up to 1.5. However, the actual requested lodestar multiplier is significantly lower due to the \$13,457,152.40 cap on attorney's fees, costs, and expenses. Specifically, to arrive at the requested attorney's fees amount of \$12,258,003.53 from the lodestar of \$10,907,891.50, Plaintiffs need only be entitled to a lodestar multiplier of approximately 1.124, which is a factor of four times less than the 1.5 lodestar multiplier they request.

The Court agrees that Plaintiffs are entitled to a lodestar multiplier of at least 1.124 in consideration of the following factors (1) contingent risk to counsel, (2) novelty and difficulty of the questions involved, (3) skill required to perform the legal service properly, (4) preclusion of

other employment by the attorneys, and (5) the result obtained and the importance of the lawsuit to the public. See Ketchum v. Moses, 24 Cal. 4th 1122, 1132 (2001); Serrano v. Priest, 20 Cal. 3d 25, 49 (1977).

In particular, the Court notes the outstanding result obtained for the class and the importance of the lawsuit to the public. Specifically, the Settlement Agreement "will remediate more than 2,600 barriers in [Levi's Stadium], the parking lots and the pedestrian rights of way that serve the Stadium," which is "over 99% of the barriers identified by Plaintiffs." ECF No. 408 at 23. Such relief will bring Levi's Stadium "into compliance with the 2010 [Americans with Disability Act Standards] or the 2019 [California Building Code], whichever provides greater access, thus dramatically improving accessibility and usability for person with mobility disabilities and their nondisabled companions." Id. The costs to remediate the over 2,600 barriers is estimated to cost Defendants at least \$12.2 million. ECF No. 408-6 ¶ 67.

Moreover, the Settlement Agreement provides for a \$24 million non-reversionary damages fund, which Plaintiffs believe to be "the largest such fund ever achieved in a case alleging claims under the public facilities and accommodations provisions of the ADA." Id. The Settlement Agreement prompted a participation rate of almost 94%. There were an estimated 5,779 potential Damages Class Members, and 5,418 claim forms were submitted. See ECF No. 395 at 5. Furthermore, there were no opt-outs and no objections. See ECF No. 411 at 2. At the July 16, 2020 Final Approval hearing, Plaintiffs estimated that the average recovery for each Damages Class Member would be at least \$4,000, and on average over \$4,400. The Court finds that the Settlement achieved by Plaintiffs' counsel provides considerable and substantial relief to the class members, which therefore justifies a lodestar multiplier of at least 1.124.

3. Percentage of Recovery Cross-Check

To guard against an unreasonable result, the Ninth Circuit generally encourages district courts to "cross-check[] their calculations against a second method." In re Bluetooth Headset Prods. Liab. Litig., 654 F.3d 935, 944 (9th Cir. 2011). However, the Ninth Circuit has explained

that in cases vindicating civil rights, "the relief sought—and obtained—is often primarily injunctive in nature and thus not easily monetized." See id. at 941.

In this case, the Court likewise finds that it would be difficult to monetize the extensive injunctive relief, which remediates over 2,600 access barriers at Levi's Stadium. Nonetheless, if the Court assumes that the approximately \$12.2 million expected Stadium remediation cost is a good substitute to monetize the increased accessibility for the Stadium's patrons, ECF No. 408-6 ¶ 67, the amount of attorney's fees, including the 1.124 multiplier, would constitute about 24.7% of a "constructive common fund" in this case, which would be comprised of the \$24 million Damages Fund, the approximately \$12.2 million cost of injunctive relief, the \$15,000 service awards, \$12,258,003.53 attorney's fees, and \$1,199,148.87 costs. See In re Bluetooth, 654 F.3d at 945 (calculating an analogous percentage-of-recovery using a "constructive common fund"). This result of 24.7% of the total recovery is below the 25% benchmark percentage and confirms that the requested \$12,258,003.53 in attorney's fees is a reasonable amount. See id. at 945 ("If the lodestar amount overcompensates the attorneys according to the 25% benchmark standard, then a second look to evaluate the reasonableness of the hours worked and rates claimed is appropriate.") (quoting In re Coordinated Pretrial Proceedings, 109 F.3d 602, 607 (9th Cir.1997)).

Accordingly, based on the factors considered above and the applicable law, the Court finds that a lodestar multiplier of 1.124 is reasonable and justified.

4. Total Attorney's Fees

The Court finds that Plaintiffs are entitled to a lodestar of \$10,907,891.50 and a multiplier of 1.124. Accordingly, the Court GRANTS Plaintiffs' full requested amount of \$12,258,003.53 in attorney's fees.

IV. **CONCLUSION**

For the foregoing reasons, the Court GRANTS Plaintiffs' motion for final approval of the proposed class action settlement, GRANTS Plaintiffs' motion for service awards, and GRANTS

How to Use this Report

The 2020 Real Rate Report:

- Examines law firm rates over time
- Itemizes rates by location, experience, firm size, areas of expertise, industry, and timekeeper role (i.e., partner, associate, and paralegal)
- · Identifies variables that drive rates up or down

All the analyses included in the report derive from the actual rates charged by law firm professionals as recorded on invoices submitted and approved for payment.

Examining real, approved rate information, along with the ranges of those rates and their changes over time, highlights the role these variables play in driving aggregate legal cost and income. The analyses can energize questions for both corporate clients and law firm principals.

Clients might ask whether they are paying the right amount for different types of legal services, while law firm principals might ask whether they are charging the right amount for legal services and whether to modify their pricing approach.

Some key factors¹ that drive rates²:

- **Geographic location** Lawyers in urban and major metropolitan areas tend to charge more when compared with lawyers in rural areas or small towns.
- **Degree of difficulty** The cost of representation will be higher if the case is particularly complex or time-consuming; for example, if there are a large number of documents to review, many witnesses to depose, and numerous procedural steps, the case is likely to cost more (regardless of other factors like the lawyer's level of experience).
- Experience and reputation A more experienced, higher-profile lawyer is often going to charge more, but absorbing this higher cost at the outset may make more sense than hiring a less expensive lawyer who will likely take time and billable hours to come up to speed on unfamiliar legal and procedural issues.
- **Overhead** The costs associated with the firm's support network (paralegals, clerks, and assistants), document preparation, consultants, research, and other expenses.

Additional analysis was performed to examine the impact of rates on law firm invoices relative to an e-billing providers' business model. It should be noted that there are several industry-standard business models that e-billing providers use to charge law firms and other legal service providers to submit invoices and perform other transactions through their systems. The three main model types are:

- Client pay, where the corporate client pays a subscription for the matter and spend solution
- Law firm pay, where the law firm pays a subscription or usage fee based on the invoices submitted
- Hybrid, which is a combination of a client pay and law firm pay

How to Use this Report

The data shows that the law firm pay model has become normative in the industry – 85%+ of Wolters Kluwer's ELM Solutions clients' law firms participate in a law firm pay or hybrid model. In addition, 99% of the Am Law 200 law firms participate in at least one law firm pay model paying 1% or more on the invoices submitted, and 97% of the Am Law 200 pay 2%.

Additionally, the analysis performed then examined law firm rates from firms who participated in one of those law firm pay/hybrid models versus those who are in a client pay model. The analysis showed no statistical difference in rates, suggesting that the business model that the firm participates in does not impact the rates the firm charges to their corporate client.

Overall, the data in the 2020 Real Rate Report provides corporate counsel with an understanding of the rates they can expect to pay for a given matter type, division, industry, or practice area and offers in-depth analyses on key drivers of rates to help make informed selection decisions. For law firms, it provides a relative benchmark to ensure that pricing for legal services remains competitive.

2020 Real Rate Report

Invoice Information

Data in Wolters Kluwer's ELM Solutions reference database and in the 2020 Real Rate Report were taken from invoice line item entries contained in invoices received and approved by participating companies.

Invoice data were received in the Legal Electronic Data Exchange Standard (LEDES) format (LEDES. org). The following information was extracted from those invoices and their line items:

- Law firm (which exists as a random number in the ELM Solutions reference database)
- Timekeeper ID (which exists as a random number in the ELM Solutions reference database)
- Matter ID (which exists as a random number in the ELM Solutions reference database)
- Timekeeper's position (role) within the law firm (partner, associate, paralegal, etc.)
- Uniform Task-Based Management System Code Set, Task Codes, and Activity Codes (UTBMS. com)
- Date of service
- Hours billed
- Hourly rate billed
- Fees billed

Non-Invoice Information

To capture practice area details, the matter ID within each invoice was associated with matter profiles containing areas of work in the systems of each company. The areas of work were then systematically categorized into legal practice areas. Normalization of practice areas was done based on company mappings to system-level practice areas available in the ELM Solutions system and by naming convention.

The majority of analyses included in this report have been mapped to one of 12 practice areas, further divided into sub-areas and litigation/non-litigation (for more information on practice areas and sub-areas, please refer to pages 164-166).

To capture location and jurisdiction details, law firms and timekeepers were systematically mapped to the existing profiles within ELM Solutions systems, as well as with publicly available data sources for further validation and normalization. Where city location information is provided, it includes any address within that city's defined Core-Based Statistical Area (CBSA) as defined by the Office of Management and Budget (OMB). The CBSAs are urban centers with populations of 10,000 or more and include all adjacent counties that are economically integrated with that urban center.

Where the analyses focus on partners, associates, and paralegals, the underlying data occasionally included some sub-roles, such as "senior partner" or "junior associate." In such instances, those timekeeper sub-roles were placed within the broader partner, associate, and paralegal segments.

Demographics regarding law firm size, location, and lawyer years of experience were augmented by incorporating publicly available information.

A Note on US Cities

Throughout the report, we have used city names to refer to CBSA and consistently used the principal city in the CBSA to refer to the entire area. The following are the shorthand city names used in this report and the corresponding CBSA designations, as defined by the OMB.

Anonymization of the Dataset

Prior to inclusion in the ELM Solutions reference database, we systematically scrubbed the data of any information that would identify a particular matter, company, law firm, invoice, or timekeeper (individual). To ensure relationships necessary for analysis, those variables were assigned randomly generated numbers. To maintain data integrity and allow for proper analysis, these numbers are linked across data tables to enforce their associations.

To further ensure anonymity and confidentiality:

- The information is published in such a manner as to make it reasonably impervious to reverse analysis should some attempt be made to determine what data might pertain to any company, law firm, timekeeper, invoice, or matter;
- The 2020 Real Rate Report will not reveal which ELM Solutions client or clients are included or excluded in its analyses;
- Clients are not and will not be informed as to whether their data are included within a particular facet of analysis: and
- No textual description of any legal work performed by any individual exists in the ELM Solutions reference database.

A Note on Insurance Litigation

Our aim is to provide a point of comparison for companies purchasing law firm services. To improve comparability, we removed data related to insurance company defense litigation for all analyses unless noted otherwise. Insurance litigation tends to be less expensive than other types of litigation, as it is typically more repetitive and less complex.

"Real Rate" Definition

The information in this report consists of data taken from client invoices submitted by law firms for work performed from 1/1/2017 through 12/31/2019. All Invoices were submitted through the ELM billing systems.

The analyses contained in this report are derived from aggregating hours, fees, and rates submitted as line items on those invoices. For a line item to qualify for inclusion in this report, it had to undergo multiple and rigorous testing processes to ensure its validity.

For example, for a rate to be loaded to the ELM Solutions reference database and used in this report, it must have been part of an invoice line entry in which all of the following items were included:

- Name of the biller
- Role of the biller
- Date of activity
- · Hourly rate charged
- Time charged
- UTBMS code associated with the time charged
- Total amount charged for the activity

In addition, each line item's hourly rate was validated against its "real rate" (calculated by dividing the total amount charged for the activity by the time charged). Any line items with an hourly rate that did not align closely with the real rate were not loaded to the reference database.

Real Rate = Line Item Total/Line Item Hours (Units) Example: \$4,000/10 Hours = Real Rate of \$400

Adjustments the client made to line item amounts subsequent to submission are not factored into the dataset. These types of adjustments may impact the effective rate paid by the client to the law firm but do not reflect the real rate billed.

In short, the real rate is the rate appearing on an approved invoice at the invoice line item level.

Aggregations of data taken from millions of these line item-level invoice entries are the core of the information analyzed.

A Note on Negotiated Rates and Billing

Practices law firms can generally follow vary for submitting "negotiated" rates on invoices. Firms may submit the negotiated rate as the hourly rate identified on the invoice line item, insert a vendor line item adjustment to ensure compliance. or provide a vendor invoice level adjustment to bring the total amount of the fees into compliance with agreed-on discounts. Although the former two are considered part of the real rate calculation, the latter can be problematic. It is not directly linked to a line item, and therefore, for the purposes of determining the rate, it should not be assumed that the adjustment is related to a specific line item. Invoice-level adjustments may represent a credit or some other type of adjustment placed on the invoice. To ensure these types of adjustments would not adversely impact the analysis contained within the 2020 Real Rate Report, the team reviewed the population of invoices and line items to determine what the deviation of the real rate might be based on inclusion or exclusion. The analysis demonstrated that the variance was not significant (less than 1%).

As such, we decided not to include the vendorlevel adjustments in the report.

Types of Matters Included in the Analysis

Matters within the ELM Solutions system are associated with areas of work described and defined by ELM Solutions clients. Those areas of work were analyzed and systematically categorized into legal practice areas. Normalization of practice areas was supported by mappings to system-level practice areas available in the ELM Solutions system and by naming convention.

All data included within this report have been mapped to a corresponding practice area. The majority of our analyses focus on the following 12 practice areas:

- · Bankruptcy and Collections
- Commercial
- Corporate
- · Employment and Labor
- Environmental
- Finance and Securities
- General Liability
- Government Relations
- · Insurance Defense
- Intellectual Property
- · Marketing and Advertising
- Real Estate

Within each client's areas of work, sub-areas are often identified. The lists that follow identify client areas of work and, within those areas, the sub-areas underneath each practice area. Often, the same sub-area appears within different practice areas. For example, the sub-area "General/Other" when listed under "Commercial and Contracts" refers to general work provided regarding Commercial and Contracts matters. When listed under the "Employment and Labor" practice area, the same sub-area refers to work provided on Employment and Labor. Where applicable and practicable, each area and subarea has been further subdivided into litigation and non-litigation work for the purposes of granular analysis.

DECLARATION OF PATRICK J. VALLEY IN SUPPORT OF PLAINTIFF'S ASSENTED-TO MOTION FOR FINAL APPROVAL OF CLASS ACTION SETTLEMENT

- I, Patrick J. Vallely, declare under penalty of perjury:
- 1. I am attorney with the law firm Shapiro Haber & Urmy LLP ("Shapiro Haber & Urmy"), counsel to Plaintiff in this action.
- 2. I submit this declaration in support of Plaintiff's Motion for Final Approval of Class Action Settlement (the "Motion").
- 3. The defined terms I use in this declaration have the meanings provided in the Settlement Agreement and Release attached to the Motion as Exhibit A.
- 4. On May 30, 2018 and July 23, 2018, the parties engaged in a formal mediation before an experienced and respected mediator and retired judge, the Honorable John C. Cratsley. The first mediation session was unsuccessful, and only after a full second day of mediation were the Parties able to reach an agreement on the core terms of the Settlement. Even after that, the Parties negotiated vigorously concerning additional terms of the Settlement.

- 5. My firm took discovery in this action to inform ourselves concerning the value of the case and to assess the benefits of a Settlement. The core facts supporting Plaintiff's claim derived from the product labels themselves, but, in order to intelligently discuss settlement, my firm procured from Defendants before agreeing to mediation information concerning the volumes of sales of the Subject Products and other information concerning those sales (including wholesale and retail price information). Defendants also produced additional information to Plaintiff concerning Defendants' defenses, which permitted my firm to consider fully the risks associated with pressing forward with Plaintiff's claims. In whole, we obtained the necessary information in order to fully evaluate the risks and benefits of the Action before negotiating the Settlement.
- 6. My firm is highly experienced in class action litigation, specializing in particular in consumer class actions. The attorneys of record (myself and Edward F. Haber) together have dozens of years' experience litigating such actions. I attached hereto as **Exhibit 1** a resume detailing my firms' relevant experience in class actions, including consumer class actions.
- 7. Based on my firm's knowledge and understanding to evaluate the risks and the benefits of the proposed settlement, we strongly believe that the proposed settlement confers a significant benefit to Class Members. Furthermore, my firm conducted an analysis of class action settlements in cases involving similar allegations (for example, concerning misrepresentations on labels of consumer products). Based on that evaluation, and considering not only the aggregate value of the Settlement but also the structural aspects of the Settlement that will encourage and facilitate claim submission, we have concluded that this Settlement presents a highly favorable recovery for the Class.

8. The following schedule sets forth the amount of time spent by the attorneys and paralegals at my firm in prosecuting this action on behalf of the Plaintiff and the Class through February 15, 2019. The schedule also sets forth the current hourly rates of each of those attorneys and paralegals or the rates that would be charged for those professionals if they were still employed by Shapiro Haber & Urmy LLP. This schedule was prepared from contemporaneous daily time records maintained by my firm in the ordinary course, which can and will be provided to the Court if requested:

| | | Total | | \$316,037.50 |

major commitment of time that my firm devoted to this case precluded us from spending that time working on other cases and accepting other representations.

10. Through March 13, 2017, my firm has incurred or will incur \$6,482.45 in out-of-pocket costs and expenses in the prosecution of the case. The most significant item among these expenses is my firm's \$3,948.00 share of the expenses paid to Judge Cratsley, who successfully mediated this case. All the costs and expenses summarized below were reasonably and necessarily incurred in connection with the prosecution and settlement of this action and were recorded in the books and records maintained by my firm in the ordinary course. A breakdown of those expenses by category follows. This summary was prepared from detailed expense records of my firm, and from the estimate for settlement administration expenses provided by the Settlement Administrator, which can and will be produced to the Court if requests:

| Travel | \$72.00 |
| Total | \$6,482.45 |

11. Plaintiff is seeking a service award for her assistance in and time devoted to this case. Although this case was settled at a relatively early stage, Ms. Crane's assistance in this litigation was important. Specifically, Ms. Crane assisted in the investigation of this case,

responded to written discovery (including detailed interrogatories and the collection of

documents), and assisted Class Counsel in the consideration of the Settlement.

Signed under penalties of perjury on February 19, 2019.

Shapiro Haber & Urmy LLP

OVERVIEW

With over 30 years of experience litigating, trying, and winning multi-million dollar cases across the country, Shapiro Haber & Urmy LLP ("Shapiro Haber & Urmy") has long been a national leader in the field of complex, high-stakes litigation. Each of our attorneys has the educational background, expertise, and creativity to litigate against the largest, most prominent law firms in the country – and win. Unlike many other law firms in which only a few, if any, of the lawyers have actually tried a case to conclusion, our lawyers have successfully tried dozens of cases to verdict, including complex securities fraud actions, and have obtained outstanding results for our clients when efforts to reach a negotiated settlement have failed. As a result, we approach each case – large or small – with the expectation that it may be tried, and with the rigor and attention to detail that excellent trial preparation requires.

Shapiro Haber & Urmy's partner, Edward F. Haber, and Counsel Thomas V. Urmy, Jr., and Thomas G. Shapiro were named Massachusetts Super Lawyers in 2006 through 2017, and were recognized as Top Rated Litigators by *The American Lawyer* in 2016. Michelle H. Blauner was named a Massachusetts Super Lawyer in 2006 through 2017. Associate Adam M. Stewart was named a Massachusetts Rising Star in 2011 through 2017, and associate Patrick J. Vallely was named a Massachusetts Rising Star in 2013 through 2017. The firm has been awarded the "AV" rating by the Martindale-Hubbell Law Directory, which is given only to those firms that have earned a very high measure of professional esteem and have adhered to the highest ethical standards in the legal profession.

Shapiro Haber & Urmy's commitment to success in high-stakes, high-profile litigation is matched by its commitment to providing access to quality legal representation on a pro bono or reduced-fee basis to low-wage individuals who otherwise might not be able to afford legal help. Our attorneys have represented low-wage workers in the fields of hospitality, janitorial services, and retail, in actions seeking to recover unpaid wages ranging from hundreds to tens of thousands of dollars. In each of these smaller cases we incur large fees and expenses, often far in excess of the wages sought to be recovered.

It is our belief that part of our duty as members of the bar is to represent those who otherwise would not have any means to obtain relief in court, and we welcome that responsibility. Reflecting this commitment, in 2011 the firm received the Law Firm Award from the Political Asylum/Immigration Representation Project (PAIR) for its pro bono work in representing asylum seekers.

QUALIFICATIONS AND EXPERIENCE

Highlights of Shapiro Haber & Urmy's class action experience include the following:

ANTITRUST LITIGATION

- Shapiro Haber & Urmy played a leading role as a member of the Plaintiffs' Steering Committee in *In re Plasma Derivative Protein Therapies Antitrust Litig.*, C.A. No. 09-cv-07666 (N.D. Ill.), successfully defeating three lengthy and substantial motions to dismiss in that case. This was a complex, nationwide putative class action against manufacturers of plasma protein derivative therapies, which are proteins used to treat seriously ill patients across the United States. The action, filed on behalf of all direct purchasers of plasma-derivative protein therapies, alleged that plasma manufacturers agreed to restrict supply and therefore increase prices. In deciding to appoint the firm to its leadership position, the Court highlighted Shapiro Haber & Urmy's extensive experience litigating complex class actions. The case recently settled for \$128 million.
- Shapiro Haber & Urmy represented several of the nation's largest bedding manufacturers and licensers as plaintiffs in *In re Polyurethane Foam Antitrust Litig.*, C.A. No. 10-md-02196 (N.D. Ohio). Plaintiffs alleged that Defendants and their co-conspirators contracted, combined, or conspired to fix, raise, maintain, and/or stabilize prices and allocate customers for polyurethane foam in the United States.
- Shapiro Haber & Urmy is part of the Executive Committee in *In Re: Nexium* (*Esomeprazole*) *Antitrust Litig.*, C.A. No. 12-md-02409 (D. Mass.), representing a putative class of consumers and third-party payors who purchased or paid for Nexium products. Plaintiffs allege that Defendants conspired and entered into anticompetitive agreements designed to shield Defendant AstraZeneca and its brand name drug, Nexium, from competition with generic, lower priced versions of the drug.
- Shapiro Haber & Urmy has assisted in the representation of a certified class of dairy farmers in the Northeastern United States who allege that the defendants unlawfully monopolized and fixed the prices that they paid dairy farmers for their milk, and unlawfully allocated markets. The defendants included Dairy Farmers of America, Inc., Dairy Marketing Services, LLC, and Dean Foods Company. The Court approved a settlement between Plaintiffs and Defendant Dean Foods Company that provided for \$30 million in settlement funds. The case is *Allen v. Dairy Farmers of America, Inc., et al.*, C.A. No. 09-cv-230 (D. Vt.).
- In *In re: Automotive Parts Antitrust Litig.*, Master File No. 12-md-02311 (E.D. Mich.), Shapiro Haber & Urmy represents a putative class of indirect purchasers of various auto parts. The action alleges that Defendants fixed and maintained the prices at which such parts were sold.

- In *In re Optical Disk Drive Products Antitrust Litig.*, C.A. No. 10-md-2143 (N.D. Cal.), Shapiro Haber & Urmy represents purchasers of optical disc drives, as well as products containing optical disc drives, including DVD players, computers, and other electronic devices. The action alleges that Defendants and their co-conspirators fixed and maintained an artificial price at which optical disc drives, as well as products containing optical disc drives, were sold in the United States.
- Shapiro Haber & Urmy was appointed Vice Chair of the Executive Committee representing the class of direct purchasers in *In re Marine Products Antitrust Litig.*, C.A. No. 10-cv-2319 (C.D. Cal.) (continuing as *Ace Marine Rigging & Supply, Inc. v. Virginia Harbor Services, Inc., et al.*, C.A. No. 11-cv-00436 (C.D. Cal) and *Board of Commissions of the Port of New Orleans v. Virginia Harbor Services, Inc., et al.*, C.A. No. 11-cv-004367 (C.D. Cal)). The firm represented a class of direct purchasers of several products used in the marine industry to protect vessels, docks, and piers. The class action alleged that manufacturers of these marine products collaborated to rig bids and divide the market in order to avoid competition and maximize profits.

CONSUMER LITIGATION

- Shapiro Haber & Urmy represents plaintiffs in a class action lawsuit filed in the Superior Court for Suffolk County, No. 98-6002-H, against Philip Morris Companies, Inc. and Philip Morris, Inc. The suit is brought under the Massachusetts Consumer Protection Act, M.G.L. c. 93A, and the common law, and seeks to recover damages from the defendants on behalf of all persons who purchased Marlboro Light cigarettes in the Commonwealth of Massachusetts. The case alleges that by using words such as "Light" and "Lowered Tar and Nicotine" on the packaging of Marlboro Lights, defendants falsely represented to purchasers that the cigarettes contained and delivered lower levels of tar and nicotine to human smokers than did regular cigarettes. In October of 2001, the Superior Court certified the case as a class action. Shapiro Haber & Urmy successfully argued against defendants' appeal from the class certification decision, which was affirmed by the Supreme Judicial Court in August of 2004, Aspinall v. Philip Morris Companies, Inc., 442 Mass. 381 (2004). The firm also successfully prevailed, before both the Superior Court and the Supreme Judicial Court, against Philip Morris' argument that a consumer's claims under c. 93A were preempted by federal law and the actions of the Federal Trade Commission. The final decision is reported at 453 Mass. 431 (2009). On February 19, 2016, after a five-week trial, the Court found that Philip Morris committed the alleged c. 93A violations, and awarded statutory damages plus prejudgment interest, totaling \$15 million.
- Shapiro Haber & Urmy represented putative classes of plaintiffs in litigation throughout the United States charging Bank of America with breach of contract and breach of the covenant of good faith and fair dealing in connection with the purchase of hazard and flood insurance in excess of the coverage amounts required by the mortgage agreements. In two of those cases, *Kolbe v. Bank of America*, 695 F.3d 111

(1st Cir. 2012), en banc review granted, and Lass v. Bank of America, 695 F.3d 129 (1st Cir. 2012), the Court of Appeals for the First Circuit reversed the district court's orders dismissing the claims. Shapiro Haber & Urmy successfully settled the case for \$30 million.

- Shapiro Haber & Urmy represents the putative class of plaintiffs in litigation in federal and state court in Florida against Homeward Residential, Inc. for breach of the covenant of good faith and fair dealing, and unfair business practices associated with its force-placed hazard insurance practices. Shapiro Haber & Urmy defeated Homeward's efforts to dismiss the case. *Martorella v. Deutsche Bank Nat'l Trust Co.*, 2013 WL 1137514 (S.D. Fla. Mar. 18, 2013). The parties have entered into a settled the case for a refund of 12.5% of the force-placed insurance premiums, which was approved by the state court and is being administered.
- Shapiro Haber & Urmy represents a putative class in a lawsuit filed in the United States District Court for the District of Massachusetts, No. 15-cv-12864, against defendants Massachusetts Mutual Life Insurance Company and its subsidiary C.M. Life Insurance Company. The suit is brought under the Massachusetts Consumer Protection Act, M.G.L. c. 93A, and the common law, and seeks to recover damages from the defendants on behalf of persons who purchased defendants' "MassMutual Odyssey" Fixed Annuity Product (the "Annuity"). The case alleges that the defendants falsely advertised and sold the Annuity to the plaintiff and class as providing a minimum guaranteed interest rate of 3%, but then unilaterally substituted a lower rate, which damaged plaintiff and the class because they received interest at a rate lower than the 3% rate that Defendants had promised.
- Shapiro Haber & Urmy also represents or has represented consumers and business owners by prosecuting consumer class action suits against:
 - ➤ MBTA on behalf of purchasers of commuter rail monthly passes in the months of January-March 2015 alleging breach of contract for failure to provide train service.
 - > Seven Massachusetts automobile insurance companies for nonpayment of interest on arbitration awards;

Attorneys for Defendant *Admitted *pro hac vice*

WHEREAS, on September 24, 2018, the Court held a hearing (the "Fairness Hearing") to determine, among other things, whether the Settlement in this action by Defendant City of Portland ("the City") and Plaintiffs Allen Hines, Tess Raunig, and CaroleZoom ("Plaintiffs"), as set forth in the Consent Decree, a copy of which is attached hereto as Exhibit 1 (the "Consent Decree"), is fair, reasonable and adequate, such that an Order of final approval should be issued and a final judgment upon said Consent Decree should be entered by the Court,

WHEREAS, the Fairness Hearing was attended by the Parties, through their respective counsel of record in this action, and by such other individuals and entities as set forth in the record in this matter, and

NOW, THEREFORE, IT IS HEREBY ORDERED, ADJUDGED AND DECREED AS FOLLOWS:

- 1. The Court, for the purposes of this Judgment, adopts the terms and definitions set forth in the Consent Decree.
- 2. The Court has jurisdiction over the subject matter of this action, the Plaintiffs, the Settlement Class, the Consent Decree, and the City.
- 3. The Court finds that the notice to the Settlement Class of the pendency of this action and of the proposed Settlement was disseminated by each of the means required under the Consent Decree and the Order of this Court dated June 4, 2018, and was otherwise fully implemented.
- 4. The Court finds that such notice to the Settlement Class, as ordered and implemented, was reasonably calculated under the circumstances to apprise the Settlement Class Members of the pendency of this action, all material elements of the proposed Settlement, and their opportunity (a) to submit written objections to or comments on the Settlement, and (b) to

appear at the Fairness Hearing to object to or comment on the Settlement. The Notice of Settlement was reasonable and the best notice practicable to all Settlement Class Members and complied with the Federal Rules of Civil Procedure, due process, and all other applicable laws and rules. A full and fair opportunity has been afforded to the members of the Settlement Class to participate during the Fairness Hearing, and all other persons wishing to be heard have been heard. Accordingly, the Court determines that all members of the Settlement Class, as set forth below, are bound by this Judgment.

- 5. No Class Member submitted an objection to the Settlement.
- 6. On June 4, 2018, this Court appointed Plaintiffs as class representatives of the Settlement Class, and appointed the following counsel as Class Counsel to represent the Settlement Class: (i) Goldstein Borgen Dardarian & Ho; (ii) Civil Rights Education and Enforcement Center; and (iii) Portland Civil Rights Law Office.
- 7. On June 4, 2018, this Court provisionally certified the Settlement Class based on the findings in the Order of the same date. This Court finds that the Settlement Class continues to meet the requirements for class certification under the Federal Rules of Civil Procedure and all other applicable laws and rules.
- 8. In particular, the Court finds that: (a) joinder of all Settlement Class Members in a single proceeding would be impracticable, if not impossible, because of their numbers and dispersion; (b) there are questions of law and fact common to the Settlement Class; (c) Plaintiffs' claims are typical of the claims of the Settlement Class that they seek to represent for purposes of settlement; (d) Plaintiffs have fairly and adequately represented the interests of the Settlement Class and will continue to do so; (e) Plaintiffs and the Settlement Class are represented by qualified, reputable counsel who are experienced in preparing and prosecuting class actions,

including those involving the sort of practices alleged in the Complaint; and (f) the City acted or refused to act on grounds that apply to the Settlement Class, so that final declaratory and injunctive relief is appropriate to the Settlement Class.

- 9. Class certification is therefore an appropriate method for protecting the interests of the Settlement Class and resolving the common issues of fact and law arising out of the Plaintiffs' claims while also eliminating the risk of duplicative litigation. Accordingly, the Court hereby makes final its earlier provisional certification of the Settlement Class and further confirms the appointment of the Class Representatives and Class Counsel to represent the Settlement Class, as set forth above.
- 10. The Court grants final approval of the Settlement set forth in the Consent Decree and finds that it is fair, reasonable, adequate, and in the best interests of the Settlement Class as a whole.
- 11. The Court further finds that the City's Annual Commitment, which requires the installation or remediation of 18,000 curb ramps over the course of 12 years, as set forth in the Consent Decree is proper and reasonably calculated based on the available information to maintain and ensure accessibility of the pedestrian right of way located in the City of Portland to persons with Mobility Disabilities.
- 12. The City's Annual Report as set forth in Section V.H. of the Consent Decree shall also be filed with the Court on the same day it is provided to Class Counsel. With this addition, the Settlement shall be consummated in accordance with the terms and conditions of the Consent Decree.
- 13. The Class Representatives and all Settlement Class Members (and their respective heirs, assigns, successors, executors, administrators, agents and representatives) are conclusively

deemed to have released and forever discharged the City from all Released Claims as set forth in the Consent Decree. All members of the Settlement Class are bound by this Judgment.

- 14. The Court finds Class Counsel's requested award for attorneys' fees, expenses, and costs fair and reasonable. The Court therefore awards \$334,666 to Class Counsel for fees, expenses, and costs through the Effective Date.
- 15. The Court finds the requested service awards for Class Representatives fair and reasonable in light of their significant contributions to the Class. The Court therefore awards \$5,000 each (\$15,000 total) to Plaintiffs and Class Representatives Allen Hines, Tess Raunig, and CaroleZoom.
- 16. The benefits described in the Consent Decree are the only consideration, fees, costs and expenses that the City shall be obligated to give to any party or entity, including without limitation the Class Representatives, Settlement Class Members, and Class Counsel in connection with the claims released in the Consent Decree and/or the payment of attorneys' fees, costs and expenses in this action.
- 17. The Consent Decree and this Judgment are not admissions of liability or fault by the City, or a finding of the validity of any claims in this action or of any wrongdoing or violation of law by the City. The Consent Decree is not a concession by the Parties and, to the fullest extent permitted by law, neither this Judgment, nor any of its terms or provisions, nor any of the negotiations connected with it, shall be offered as evidence or received in evidence in any pending or future civil, criminal, or administrative action or proceeding to establish any liability of, or admission by the City.
- 18. Notwithstanding the foregoing, nothing in this Judgment shall be interpreted to prohibit the use of this Judgment to consummate or enforce the Consent Decree or Judgment, or

to defend against the assertion of Released Claims in any other proceeding, or as otherwise

required by law.

19. In accordance with the terms of the Consent Decree, which is attached hereto, the

Court reserves exclusive and continuing jurisdiction over Plaintiffs, the Settlement Class

Members, the City, and the Consent Decree throughout the term of the Consent Decree, for the

sole purpose of supervising the implementation, enforcement, construction, and interpretation of

the Consent Decree and this Judgment. In that regard, any challenges to the Consent Decree's

terms or implementation, whether under state or federal law, shall be subject to the exclusive and

continuing jurisdiction of this Court.

IT IS SO ORDERED.
